Roll Call. All members present. Quorum present.

Corey Stapleton, Secretary of State of the State of Montana, extended greetings to the members on behalf of the State of Montana and delivered the following speech:

Good afternoon. Ladies and gentlemen, legislators, members of the audience. Welcome to the Montana House of Representatives. I'm Corey Stapleton, and I am so glad that you all are here. You are sitting in the most amazing, beautiful, and meaningful room in the history of our state. And if you're like me, you cannot wait to get started on your 90-day venture. Congratulations on getting here.

It's been almost twenty years since I began my service in this Capitol. I was first elected to the legislature at the turn of the century. So, before we open for business here, I would like to share with you some observations, some advice, and some encouragement.

I share with you, my top 10 list of how to succeed in the Montana legislature.

HOUSE JOURNAL
FIRST LEGISLATIVE DAY - JANUARY 7, 2019

1. Have restraint in the first five minutes of meeting another legislator. You'll be amazed at how different people can be here, yet some of your initial perceptions will not be fully accurate. If you want to dislike someone, you can, and you will. But just wait and observe a while, before you say or do something that you can't undo.
2. Have respect for cat and dog bills. For those of you who are new, cat and dog bills are those bill drafts that don't originate from existing government bureaucracy. They are ideas that don't come from the executive. They come from you. They get their name from having to fight like "Cats and Dogs" for legislative funding, since they aren't included in the starting budget. I encourage you to not summarily dismiss these types of bills in favor of funding which the bureaucracy prefers. Many good ideas come from constituents. Many good ideas come from you. That is your power, so don't be quick to give it away.
3. Don't be quick to raise taxes. That is not what Montanans want you to do. No matter where you sit in this body, if you truly look into the budget and demand operational efficiencies in state government, you will find all the revenues you need to serve your constituents.
4. Bring statutory spending into House Bill 2. It is good government, great government, when spending taxpayer money is reviewed by the legislature every two years. There is an enormous amount of spending in state government that bypasses your review. Look for opportunities to bring those statutory appropriations under the same daylight and scrutiny that you give to appropriations in the budget.
5. Friendships are the cartilage of the legislative body. Make some friendships with your opponents. The legislative body can and will function without those friendships, but it is like bone on bone, it's not as efficient, it wears you out, and it hurts more. Friendships are the cartilage of the legislative body.
6. Read (and proofread) your Bills. It becomes tempting to take shortcuts during the session, and not schedule daily personal time to read legislation that you're voting on. Not that I would know anything about proofreading or not catching mistakes in print. I remember the time we had to call all 150 legislators back into a special session, because none of us, including all the legislative staff and lobbyists, failed to proofread a single piece of legislation. We had omitted an effective date on a bill. We all had to come back into a special legislative session to add an effective date. Read your bills.
7. Super majorities are good for some things. You all are the keepers of this House. There were many before you, there will be many after. In the short term, you may not like that it takes super majorities to spend the coal trust tax money, to spend bonding money, to blast motions to the floor, to suspend legislative rules. I will tell you, that political pendulums always swing back and that requiring super majority votes provides an important braking mechanism in the legislative process. Think big picture. Protect this institution.
8. Take care of your body. When I was in the legislature, I had two sets of wardrobes. One that I wore most of the time, and another that I wore the last two months of the legislature. Try and get some daily exercise, reduce your food portions and eat healthy.

HOUSE JOURNAL
FIRST LEGISLATIVE DAY - JANUARY 7, 2019

9. There is no truth here. Many of you are highly principled people, but if you want truth, you should look to your own personal faith for guidance, not politics. The legislature is a man-made institution. There is no truth in Helena, only versions of it.

10. Nothing is ever as good as it seems, and nothing is ever as bad as it seems. You will have days here of extreme mood swings. When your bill dies, when the media misrepresents you, you might feel like crawling in a hole. Don't. When you're winning, and your side has the votes, and the media praises you on the front page, you'll be tempted to think your victory is monumental and permanent. Don't. Remember that you are too close to the action to objectively see that everything good or bad tends to get magnified when you're a legislator. Try to stay grounded. I'd like to tell you a story. It illustrates some of these points.

It's from a number of years ago. The legislative session in 2003 was a year when we didn't have enough money. I think there was \$150 million shortfall at the outset of the session. Needless to say, there was a lot of friction between Republicans and Democrats over what programs to cut, etc. All bills outside the budget that cost money were getting killed. Republicans controlled the House, Senate and the 2nd floor. I was the Senate Majority Whip. It was called the Baled Tire bill of 2003.

Sometimes while you're on the doors campaigning, you can get caught committing to something you probably shouldn't. My colleague, Jim Elliott, the Senator from Trout Creek, had such a bill. It was intended to solve a local issue problem and in the process, from public comment through the Floor debates, the bill reminded each of the Legislators of the nature of some of the bills that we are requested to carry for our constituents. Sometimes we can find ourselves unified on the process and in that find what makes us more alike than different.

We kept the bill alive because it kept us more alive. This bill began to take on a life of its own, and in the end, Governor Martz signed the Baled Tire bill into law. I don't know if this bill ever did what it was intended or if the constituents ever found peace. But I do know that the Baled Tire bill taught me that this legislature can be an incredible place.

1. In a really tense and stressful legislative session, there is value in keeping a sense of humor and being on the look-out for bills that can unify the spirit of what it means to be a Montanan.

2. You can find joy and satisfaction in this process without spending any money sometimes, simply by solving problems for people.

3. Most of all, the Baled Tire bill reminded me of the important role of friendships here. Even if you don't vote the same way, you get to choose in the coming minutes, days, weeks, how you treat each other. If you learn to have some restraint and respect, you might find yourselves in a situation like we found ourselves sixteen years ago, solving an unlikely feud between the Hatfields and McCoys, and laughing so hard we were crying during the floor debate. Friendships become the cartilage of the legislative body. This session, if and when you find yourself in the middle of a House debate where you're solving problems, and laughing as one, you too, will know that magic that you hoped for when you first considered running for office. You will know, that like those who served before you, this incredible and beautiful House of Representatives is one of the greatest callings you will ever know. Be excellent to each other.

HOUSE JOURNAL

Welcome to the first day of the 66th Legislative session.

Before I continue, I'd like to take a moment to thank some very special people, without whom my service to Montana would not have been possible: FAMILY

To the members of the 2019 Legislative session - thank you for the honor and privilege of allowing me to serve as your Speaker.

Congratulations also to members of this honorable House, and I thank each of you for sacrificing your time, talents and treasure to serve your community and our state. I also extend my gratitude to your families, who share in the sacrifice of your service.

HOUSE JOURNAL
FIRST LEGISLATIVE DAY - JANUARY 7, 2019

It is no small matter to give up your loved one for a long campaign season, followed by a 4-month legislative session. The work we will do here could not be done without your love, support and encouragement. You each have my heartfelt gratitude.

For 3 sessions, I have walked into the Capitol, and House Chamber, and I'm constantly struck by the legacy we are a part of. For 130 years, men and women have gathered here with the trust of the public to enact laws and budgets designed to constitutionally serve the public benefit. Amid successes and failures, the process works because of the genius of the Founders, who built the Foundations upon which we stand. I now carry the awesome responsibility as your Speaker and I ask for your support and prayers as I guide this group to a successful conclusion.

On your desk, every legislator will find a pin specially produced and designed to memorialize your participation in the 66th Legislature. There are only 100 of these pins; one for each member of this body. I'm certain you'll cherish this pin as a memento of your service to Montana.

Before I close, one important housekeeping detail: the rules under which we operate in the House call for civility, courtesy and professionalism. That must occur both within and outside these walls. Treat all your fellow representatives, House Staff and Capitol employees with the kindness and respect they deserve.

In conclusion, this session will be a fast-paced, quick-moving 4 months. You'll make lifetime friendships, not possible in any other environment in Montana. Cherish your time here, enjoy the experiences and have some fun along the way. It is a snapshot of the beauty and grandeur of the Treasure State.

Thank you again for your trust and support and I look forward to a unified and successful 66th session.

SPECIAL ORDERS OF THE DAY

Majority Leader Tschida moved Speaker Hertz be authorized to appoint a Committee of two members to escort the United States Senator into the House Chamber. Motion carried.

Sergeant-at-Arms Durckel notified Speaker Hertz that United States Senator Jon Tester awaited entrance to the House Chamber.

The Committee escorted the Senator into the Chamber.

Speaker Hertz introduced the Honorable Jon Tester, United States Senator for the State of Montana. Senator Tester gave the following remarks:

Thank you Speaker Hertz, Leader Tschida, and Leader Schreiner. It is a pleasure to be here in the Peoples' House. I will tell you that there are a lot of new faces. Welcome freshman Legislators. This is an incredible learning experience. Veterans will already know that you have a lot of work to do, and I wish you all the very best this Legislative session.

You are amongst one of the greatest bodies in the United States. I don't say that because I am from Montana, I say that because it is a fact. We, in Montana, have a citizen legislature the way the forefathers had asked us to set it up. The way they thought it should be set up. Where we elect our neighbors to represent us in the House and Senate of this great State. We come to Helena every two years for ninety days, to make laws. We don't make enough money to support ourselves, so we have go back and have a real job and we have to live under those rules that we have created.

I say congratulations to you for being a part of this great body. Just know this, you are at the beginning of this session, as it moves forward and this session gets a little wild, you will not be the

HOUSE JOURNAL
TWELFTH LEGISLATIVE DAY - JANUARY 22, 2019

craziest legislative branch in this country. The United States Senate will bump you off that hill, I guarantee you.

You have a lot of important issues to talk about this session and I am going to just touch on a few. I hesitate to do this because when Conrad Burns and Max Baucus used to come when I was sitting in those chairs, and they came in to talk, I would go, come on man, "We are going to do what we are going to do anyway," and you will.

Here is a little advice as we move forward from the U.S. Senate prospective:

A big issue you will have to deal with, one of them, is Medicaid- so we might as well just start. A couple of years ago, this Legislature passed Medicaid expansion. If you are after dollars and cents, it is successful. It has saved this state \$58 million, generated \$47 million in revenue, and it has kept about \$270 million in the pockets of Montanans.

I know that there is talk here to reduce it in some form, maybe even eliminate it by some. I would say to those of you who will make that decision, which is all of you, don't make it a political issue. Make it an issue about people.

After the election in 2016, I went around the state and had a series of roundtables on healthcare. I talked to many of the patients, doctors, and hospital officials around the state. One of the patients that I talked to told me a story that I remember vividly.

He is from Butte and about forty years old. He said that he has had some level of diabetes his whole life and has never been able to get it taken care of. By his own admission he said that he has had some level of mental health issues since being an adult, and has never been able to get that taken care of. Then the legislature passed Medicaid expansion. He said he was able to get his diabetes under control for the first time in his life. He said he was able to go and see a psychologist to get his mental health issues squared away. He said that for the first time in his adult life, he has been able to get a job, hold a job, and support his family. That is what I mean when I say we talk about people instead of politics.

Make sure that if the effort is to reduce the number of people on Medicaid expansion, you ask yourself what is going to happen to those forty or fifty thousand who will get their health care taken away. Because they have had healthcare and it is going to be very difficult for them.

If you eliminate the program, I would ask you to look at the small hospitals around the state. I live close to one. I live about fifteen miles from my small hospital. If it closes, the next hospital is fifty miles away, one way. You know that, you are from Montana and many of you have further distances than that. We need to be careful. Not only at the state but also at the federal level. Since I am talking to you, you need to be careful, because if these hospitals close in many of these small communities, they may never, and I mean never, open up again. Good luck, with the debate on Medicaid and what you are going to do with it.

The second issue that I want to talk to you about is education. We are hitting the two big ones and I promise I will not talk about corrections. K-12 education; I have the incredible honor to introduce

HOUSE JOURNAL
TWELFTH LEGISLATIVE DAY - JANUARY 22, 2019

to you today Tyler Ream, Superintendent of Helena Schools. Tyler is from Texas. I know that has a pretty ring, but Tyler from Montana has a good ring to it too.

Tyler has a lot of challenges as he puts forth his budget for his school district, the same way that every other school district in Montana has. This is important because K-12 education is a foundation of our democracy. Democracies don't work well with an illiterate society, so we will start there. As you talk about the money that you are going to put into K-12 education, remember this, every dollar that you don't put in is a dollar that local property taxes will have to make up.

I will also ask you to think back in your life, parents, brothers and sisters aside. If you ask yourself who the most influential people in your life have been, my guess is that it is probably a teacher. Teachers are very important people in our society, very important people in our country. I can tell you right now, there are far too many teachers in our state that are Medicaid eligible or are on food stamps and that is unacceptable. If we want to get the best people in the classroom, we have to be competitive with other sectors in the business world in Montana.

Good luck as you put forth your proposals for funding K-12 education. It is critically important as we move our state forward in this 21st Century economy. As far as higher education goes, it is the same thing. The dollars that are put in, if they are not there, the student makes them up. I will tell you. There are plenty of stories, and they are not just stories, they are fact; about young people graduating from college with \$40 and \$50 thousand in debt. Not because they are living extravagantly, it is because higher education cost is that much.

For some of you, myself included, if you roll back to when you were a senior in high school, would you have really gone off and got that degree in higher education? Those who have one? In my particular case, I don't know that I would have, because who wants to be in debt? You cannot buy a house, you cannot buy a car, you cannot start your family. That is not the way it should be. We should be encouraging people to go to college and to be trained. It will help drive our economy. It will help drive small businesses. It will drive our entrepreneurial sector moving forward. Good luck in higher education.

The thing about both of these, whether you are talking about Medicaid or education, it costs money. You cannot do it for free, I have not found anybody who can. So, you have tough decisions to make.

Another issue that Montana leads the nation in, and we should not, is suicide. Montana is number one in the country for suicide. That is for a number of reasons, including isolation and not enough providers on the ground. I did not look through all of the bills that have been dropped in for this legislative session. Hopefully, there is something that is being done at this level to be able to address the issue of suicide.

I have worked at the Federal level to try to get more slots for psychiatrists and to reduce higher education cost with Pell Grants to get more people to go into psychology and into social work. The bottom line is that we have to do some things pro-actively to reduce this plague that is upon us. It will not get better. It is up to all of us; local, state, and federal level, so do what you can do.

HOUSE JOURNAL
TWELFTH LEGISLATIVE DAY - JANUARY 22, 2019

On the issue of veterans, I don't have to tell you that we lead the nation on the number of veterans per capita in Montana. We have been at war for eighteen years. Our medical crew is doing a tremendous job in the field and theater. Folks are coming back with injuries from the field and battle with injuries that they can survive from, and that is great. Some seen, some unseen.

If there are opportunities out there to help our veterans, whether it is reduction in tuition costs or tax credits for businesses who employ them, I would encourage you to do that. We lead the nation in the number of people who sign up. That can be debated, but I will take that statistic. We are proud of our military and the folks who serve. I am looking forward to seeing what can transpire in that area.

And now, my last issue and this is an easy one. Presumptive for firefighters. You have an opportunity to do right by our first responders. Some of you are firefighters. Some are volunteer, some are paid. These are the folks that go running into danger when we run away from it. These are the folks that are exposed to toxins every day. These are the folks that end up having health issues that are a result of their fire fighting and that we have an obligation to do something about.

I would hope that you are able to get the Senate to work with the House to get the presumptive issue settled. I think it is critically important moving forward.

You have about seventy-eight days to get things done. I would ask you only one thing, make Montana proud. God bless you, and God bless Montana.

THIRTEENTH LEGISLATIVE DAY**

House Chambers
State Capitol

House convened at 1:00 p.m. Mr. Speaker presiding. Invocation by Representative T. Moore. Pledge of Allegiance to the Flag.

Roll Call. All members present, except Representative Berglee, excused. Quorum present.

Speaker Hertz ordered the House stand for a moment of silence in recognition of the passing of Representative Fitzgerald's mother.

Speaker Hertz addressed the House:

Members, before we get started today, I would like to address decorum during Introductions and Announcements. I have spoken with the Minority Leader, and we agree on the importance of following our rules of decorum to ensure that we have orderly debate and respect for others.

Introductions and Announcements should not be used to express personal or political opinions. While this body encourages vigorous debate on philosophical and political beliefs of its members within Order of Business #7, Second Reading of Bills, it is unacceptable to use recognition under Introductions and Announcements to express such beliefs.

Members, I would like to give you an example of how you might violate these rules:

Let's say today is National Applesauce Day and I would like to encourage everyone to enjoy a great bowl of applesauce. That is acceptable and probably should end right there. I should not go on to express my personal belief of why someone would take a perfectly good apple and turn it into a bowl of applesauce. Now I have offended many people, who like applesauce; but I also have gained some allies who love apples.

I could go on further explaining why I cannot stand applesauce myself. When I was a young child, someone put a disgusting tasting medicine into my applesauce. Due to that event in my life, I no longer eat this wonderful and nutritious bowl of applesauce. Now I have offended my mother, sorry mom- I will call you later today. It was not the disgusting medicine that you put in my applesauce. It was a texture thing.

So, as you can see, a simple announcement can turn into a significant issue and focus our attention away from the 66th Legislature. I am using a little bit of applesauce humor. So you will remember the process, and we can think of applesauce when we stand up at an inappropriate time.

I respect each and every one of your beliefs and opinions. They have a place, just not in our Introductions and Announcements.

House Chambers
State Capitol

House convened at 1:00 p.m. Mr. Speaker presiding. Invocation by Representative Dunn. Pledge of Allegiance to the Flag.

Roll Call. All members present, except Representative Berglee, excused. Quorum present.

SPECIAL ORDERS OF THE DAY

Speaker Hertz moved the House revert to Order of Business #11, Special Orders of the Day, for the purpose of receiving an address by the Honorable Chief Justice of the Montana Supreme Court, Mike McGrath. Without objection, so ordered.

Majority Leader Tschida moved Speaker Hertz be authorized to appoint a committee of two members to escort the Chief Justice into the House Chamber. Motion carried.

Speaker Hertz appointed Representatives C. Knudsen and Sullivan. The Committee was discharged.

Sergeant-at-Arms Murfitt notified Speaker Hertz that Chief Justice Mike McGrath awaited entrance into the House Chamber.

The Committee escorted the Chief Justice into the Chamber.

Speaker Hertz introduced the Honorable Mike McGrath, Chief Justice of the Supreme Court for the State of Montana. Justice McGrath gave the following remarks:

Thank you very much Mr. Speaker, members of the Court, Governor Bullock, Lieutenant Governor Cooney, Attorney General Fox, Superintendent Arntzen, Auditor Rosendale, honored guests and members of this Assembly. Thank you for giving me this opportunity. It is indeed an honor to be here speaking on behalf of Montana's Judiciary. It is very gracious of you to schedule the time to hear from the Executive and Judicial Branches of Montana's government.

Frankly, the state of Montana's judiciary is stressed. In Montana, our courts process about 1,000 cases each day, 360,000 cases each year. It adds up to about one case for every three Montana residents. At a 1,000 cases per day, our courts are busy and the workload for court employees is very heavy.

The district courts, which are the courts for general jurisdiction, that handle the most serious cases had 59,000 new cases filed last year. At that time, we had 46 district court judges, soon we will have 49. Thank you to this body for funding three more judges this last session. We very much appreciate that.

HOUSE JOURNAL
FOURTEENTH LEGISLATIVE DAY - JANUARY 24, 2019

Our founders developed a system that has become the blueprint for political and economic success for the modern world. The founders knew that the Republic that they created had to be based on the rule of law. That rule of law requires an independent and impartial manner of resolving disputes, be they commercial matters, family crisis, criminal charges, or removal of public officials.

All of us have the right to equal protection under the law and everyone has the right to due process. In other words, disputes get resolved through a process where everyone has the opportunity to be heard and to have their positions conveyed. Where an independent judge decides the law based on the facts and the merits of each case. In fact, our economy depends on this independent system. Investors and other businesses have the right to rely on an orderly and prompt dispute resolution process. They have the freedom to enter into contracts, and the assurance that those contracts will be enforced.

The judiciary in Montana understands that we have a tremendous responsibility. Those 1,000 people per day that end up in our courts know that our justice system is based on the rule of law, not individual whim. They know that even in the most remote courthouse in Montana, they receive a fair hearing, and hopefully a timely decision. Montana's court decisions are based on the Montana Constitution and Montana law as passed by the Legislature.

As an independent third branch of government, our responsibilities are great, but our needs are small. Our budget is less than 2% of the total State budget. We recognize that with judicial independence comes the corresponding responsibility to be accountable. Accountable to the people who elect us and accountable to the legislature, especially as it relates to how we spend our public funds.

In an effort to be more accountable, the judicial branch has undergone a series of performance measures. Specifically, at the Supreme Court, our case load continues to be current. We have no cases over six months old and our average time to resolve a case is less than 120 days. The Supreme Court takes every case that is appealed. We hear everything, from multiple homicides, to a dog at large, from small claims disputes to multi-million-dollar jury verdicts.

We interpret laws passed by the Legislature and we have the responsibility to determine if laws pass constitutional muster. Contrary to what some have said, we give great deference to Legislative enactments. In the ten years that I have been Chief Justice, 122 cases have come to us seeking to overthrow measures passed by the Legislature as unconstitutional. We generally decline to do so. In the past two years, we have had 21 cases challenging the constitutionality of state law. Only once was the statute declared unconstitutional.

In the last few sessions we have experienced very lean budgets. Our branch consists of 57 independently elected officials, 49 are elected from their local community. Judges and courts with limited jurisdiction are elected and funded within their own communities. As the vast majority of our budget consists of personnel costs, it has been hard to find areas to make cuts.

Our district courts, the trial courts that handle the most difficult and complicated cases have seen a dramatic increase of caseloads statewide; 28% increase over the last ten years. Felony cases alone rose from 7,750 in 2009 to 12,850 last year.

HOUSE JOURNAL
FOURTEENTH LEGISLATIVE DAY - JANUARY 24, 2019

Child abuse and neglect filings rose from 1,006 in 2009 to 2,519 last year. That is a 150% increase in child abuse and neglect cases. This tragic problem is coming close to overwhelming the judiciary, along with the capacity of the state's social service programs, with 2,200 kids in foster care.

Here is a brief description of how it works. Often police, in the course of their duties, will come across children who are victims of abuse and neglect. Sometimes cases are reported by school personnel, neighbors, or relatives will call social services. When these facts present an obvious emergency, these children are taken from the home and placed in alternative or foster care placements. The legal petitions are then filed in the district courts. At that point, it is the responsibility of state government to make every possible effort to reunite those kids with their parents. That often requires months or years to accomplish. Social services, prosecutors, defense attorneys and the courts are involved, every step of the way.

In the most serious of cases, where the department has exhausted all efforts of rehabilitating the parents, the department can ask the court to terminate parental rights. Again, this process requires extensive court involvement. Often, with these most serious cases, termination of parental rights are appealed to the Montana Supreme Court.

Ten years ago, my first year on the court, we had 9 termination cases. The next year, we had 16, the year following that it was 31. The pattern continued, and in the recent years it is not unusual for us to get 100 termination cases per year. Last year it was 79. Think about that. Think about the stress on these children. Think about the stress put on social services, schools, communities, and ultimately our criminal justice system.

So, why is this happening? What are the reasons? The answer is basically simple. It is drug and alcohol abuse. Principally, methamphetamine. Our drug courts see some opioid cases, but child abuse is almost exclusively alcohol and methamphetamine use. Addiction is very hard to treat and, for some impossible to beat, even if they lose their kids. To me, it is these cases that put the spotlight on the most serious problems facing our state.

Another area, that has arisen that presents a significant challenge in the district courts, is related to asbestos. Specifically, the number of legal claims from individuals who contracted asbestos related illness in Northwest Montana over the past several decades.

Many years ago, as alarming number of these cases were filed in state courts, the legislature created and funded a special asbestos court to address the workload. However, all of the litigation was put on hold by federal courts because of the bankruptcy of W.R. Grace, the primary defendant in those cases. Nothing happened for several years. Today the bankruptcy proceedings have concluded and the state court claims have been revived. Of course, the funding for the asbestos court has long since passed.

Today, we have 2,229 claimants and the parties anticipate filing an additional 200 cases each year for the next several years. For us, that is an additional 2,229 cases. For the present, we are absorbing the workload. To date, we handle these cases with current judicial resources, but I cannot guarantee that we will not be back next session with a request for help.

HOUSE JOURNAL
FOURTEENTH LEGISLATIVE DAY - JANUARY 24, 2019

We know that back-logged courts are bad for business. It is the commercial litigation that suffers most from court delay. Not only criminal and child abuse cases, but custody cases, mental commitments, and youth court cases, which by law, must be given priority. We are continuously striving to create efficiencies within the branch. This session, as in the past, you will see some proposed legislation to make the courts more responsive.

Drug courts and treatment courts have proven to be very successful in reuniting families in crisis because of drug use. Drug courts can, and do, save taxpayer dollars. Fortunately, during the last four sessions, legislators have had the foresight to fund a small portion of these courts. We have 28 active drug court dockets in state courts, 3 of those are dedicated to our returning veterans. Unfortunately, these court dockets are very labor intensive and take a lot of judicial time.

Treatment courts divert people to less expensive and more effective alternatives. They can keep kids out of Pine Hills, they divert new commitments from our prisons and they help our veterans repair shattered lives. Drug courts reunite broken families and turn participants into productive members of society.

We have studies that demonstrate Montana's drug courts are successful. Some of the highlights from the 2019 Report: Recidivism Rates are Lower. In the 48 months that the branch has been collecting data, there has been a 94.9% increase in employment from admission to graduation. Incidentally, the drug of choice for drug court participants is alcohol, followed by meth and marijuana. As for OxyContin, 16% of family drug court participants use opioids.

Currently, the state spends only one point \$3 million on drug courts. We are asking for an additional \$150,000 to bring two existing courts onto state funding.

By the way, we have seen great achievements in youth courts the past few years. The excellent work of our staff has reduced costs statewide and helped kids reach the goal of productive lives. We are willing to assume the supervision responsibilities of those kids under eighteen when they are released from Pine Hills. The success in youth court demonstrates when all three branches work together on a problem, there is greater likelihood of a creative solution.

All three branches are seeing the chaos caused by drug use, untreated mental illness, and the increase in criminal behavior. The child abuse system, the corrections system, county detention facilities, and the public defender system are all under significant stress.

I encourage both the legislative and executive branches to look for creative ways to address these problems and to look for solutions in the community and within the families that are being decimated. The judicial branch will cooperate. Montana can no longer do business as usual; instead, we need to look to increase drug treatment, a healthy mental health treatment system, the continued use of drug treatment courts, and solid prevention measures to stem this tide. We know, based on our success with you, that with creative solutions supported by all three branches, we can have success.

Judges in Montana are committed to addressing the problems that are in their communities. Problems they see every day. The judicial branch has 459 employees. We are dedicated and

HOUSE JOURNAL
FOURTEENTH LEGISLATIVE DAY - JANUARY 24, 2019

committed to our mission. We understand that a hallmark of a flourishing democracy is an adequately funded judiciary that can settle people's disputes in an orderly fashion. Only in that way can the economy move forward, and our citizens prosper. An independent, adequately funded judiciary is the key to constitutional democracy.

As I have said before, "Without courts, there is no justice. Without justice, there is no freedom."

Thank you very much. Thank you for the opportunity to be here.

Montana Governor Steve Bullock
2019 State of the State Address
Thursday, January 31, 2019

Mr. President, Mr. Speaker, Members of the 66th Legislature; Lieutenant Governor Mike Cooney, honored members of the judiciary, other elected officials and tribal leaders; members of the cabinet and my coworkers; my beloved wife Lisa, and our three kids - Caroline, Alex, and Cameron; and my fellow Montanans.

Thank you for the honor of inviting me into the People's House for my fourth, and final, State of the State address. As has been the case each of the previous times, it is a humbling privilege to stand before you as Montana's 24th Governor.

Six years ago, I stood at this very spot and introduced myself by saying, "My name is Steve, and I work for the State," I told you I would work hard every day, guided by my values, to protect the state that gave me the opportunity in life to go from delivering newspapers to the governor's house as a child, to living and raising our three children in it.

The sounds in the Bullock household have changed over those six years. The sounds of young children laughing and playing have turned into silent eye rolls and exasperated sighs of embarrassment, as those three children have grown into teenagers. While my Dad jokes are awesome... apparently being governor is no longer as cool as it used to be.

Though the household sounds may have changed, they are still a constant reminder to me of the reason I show up for work each day. My family has always shaped my perspective in public office. Because as a father I want my kids, and all Montana kids, to have every opportunity I had growing up here and more.

HOUSE JOURNAL
NINETEENTH LEGISLATIVE DAY - JANUARY 31, 2019

Six years after our family moved into the governor's residence, six years after I first had the honor of standing before this body, I am pleased to report the state of our state is stronger than ever.

The first time I stood at this rostrum in 2013 I spoke of all the work we had to do, and also of the tremendous opportunities that lie ahead.

At that time, our unemployment rate was 5.6%. Now it's at its lowest in a decade, at 3.7. More people are working than ever before in our state's history. We've added almost 34,000 private sector jobs since January 2013, while we have fewer state employees today than when I took office.

And real wages are on the rise. Today, the average Montana worker earns 108 dollars more each and every week than they did six years ago. That's real money.

Families are climbing the ladder of opportunity to the middle class. Montana's middle-class households grew more than any other state between 2013 and 2016. In 2017 our median household income grew nearly two and a half times the national average, at the fastest rate in the country.

Business is booming, and it's no surprise. Since 2013 we've repealed or revised hundreds of regulations and removed red tape. We cut the business equipment tax for every Montana business, and eliminated it for $\frac{2}{3}$ of the businesses operating in the state.

We see Montana's economic success directly in our communities. Fifteen months ago, we began working with ClassPass, a fitness tech startup, as they were deciding among 29 states where to expand their New York and San Francisco operations. They chose Missoula, Montana. Originally planning to hire 50 people, we recently celebrated the hiring of their 100th. And the CEO tells me they plan to hire another 100 in Montana this year.

This economic success is not just confined to the urban areas. We see it in our rural communities as well. Ticketprinting.com has 100,000 customers, and is the leading company in the world for event and raffle ticket printing, and it has a customer service team that works remotely from places like Columbus, Big Timber, and the suburbs of Two Dot.

We see it on our Native American reservations. In the past six years we've made it easier for businesses located within our tribal nations to work with customers and businesses across our state. And we have funded nearly 120 businesses that have created or retained 220 jobs through the Indian Equity Fund.

We also see it on our farms and in our forests. We rank near the top in barley, wheat and organic production, and lead the nation in pulse crops, doubling the acreage since 2013. Because of the Forests in Focus program, we produced nearly 200 million board feet of timber in the last 4 years, retaining over 3,000 jobs in the forests products sector, and are now working across landscapes, state, federal, tribal and private.

We see that economic success in our outdoors. Our clean air, clean water and public lands are our

HOUSE JOURNAL
NINETEENTH LEGISLATIVE DAY - JANUARY 31, 2019

way of life and a key economic driver. Our outdoor economy generates over 7 billion dollars a year in consumer spending and sustains 71,000 jobs.

And we see it in our vibrant towns. Since my time in office, we've helped over 15,000 small businesses expand their footprint through economic development tools created under Governor Racicot. These programs have supported more than 12,000 jobs and are up for renewal this year. I encourage you to continue and strengthen this legacy...for our small businesses, and for the long-term strength of our economy.

Montana has extraordinary economic strengths. The fabric of our communities - our schools, our families, our outdoors, our Main Streets - contribute to our unparalleled quality of life. Together, we can do more to ensure all our cities and towns make up the best state to live, work, start a business and raise a family.

The most important investments we make as public servants will impact Montana long after we have completed our time in office. Foremost among them is ensuring that our kids, students and workers have a world-class education.

Public education is one of our state's great equalizers. I would not be standing here today if it wasn't for our state's public schools. No matter who you are, where you come from, or what your background is, our schools open the doors of opportunity to all Montanans.

When I first stood at this rostrum in 2013, I said that we not only needed better jobs, but better schools too.

At that time, just 2,500 students were taking dual enrollment classes. Today, more than 6,000 high school students are taking college classes, saving Montana families 5 million in tuition each year. And this past fall, with the assistance of the university system, I launched the "1-2-Free" Dual Enrollment Program so that high school students can take their first two college classes without paying a single penny in tuition.

Back in 2013, less than three-quarters of school districts had access to high-speed internet. Today 98% of districts are connected to high-speed internet, at less than half the cost. Teachers are using 21st century technology to prepare students in an increasingly technology-driven society.

In 2013, Breakfast After the Bell was almost unheard of, and over 20% of kids across Montana were considered to be food insecure. Since then, over one-third more income eligible students are getting school breakfast. And we joined with private sector partners in expanding Breakfast After the Bell to well over 100 new schools.

I want to thank those partners, and my wife Lisa, for all your efforts to end childhood hunger.

In 2013, not a single one of our two-year or tribal colleges was offering apprenticeships with on the-job training to connect students to good-paying jobs. We now have apprenticeship course work in seven out of ten two-year colleges, and in five of seven tribal colleges.

HOUSE JOURNAL
NINETEENTH LEGISLATIVE DAY - JANUARY 31, 2019

And for our veterans, we've expanded opportunities to get college credit for prior learning gained through their military service.

In 2013, states around the country were slashing university budgets and saddling students with steep tuition increases. Instead, we have increased investments in higher education while freezing college tuition four of the last six years; leading to Montana having the fourth lowest tuition and fees in the nation.

We have worked together - across the aisle, across rural and urban, and in partnership with communities, school districts and the university system - to make record investments in our educational system, offering students the tools they need to succeed.

Let's build upon the progress we've made, starting with our youngest learners. Last session, lawmakers from both sides of the aisle worked to provide 6 million dollars to establish the STARS Preschool Pilot.

Part of the premise behind the pilot was to learn whether this would work in our smaller communities. Until Wibaux had a STARS Preschool option, even the closest childcare provider was 30 miles away. In Lewistown, I met a woman who told me she made too much money to qualify for Head Start but couldn't afford to have her son in the kind of quality program that would give him a great start. If it weren't for STARS Preschool, she'd have to drop out of the workforce to take care of her children.

In the first year of the pilot - 17 programs serving our largest towns like the Head Start in Billings to some of our smallest like Troy Public Schools - 93% of the participating preschoolers walked out ready for kindergarten. And we know - not just from Montana's experience but from the other 44 states prioritizing publicly funded preschool - that for every dollar invested there is a seven-dollar return, in reduced criminal justice and social services costs, and increased earnings.

Quality preschool is an investment in our children, in our workforce and for our business community. I'm pleased that the Washington Companies, First Interstate Bank, BNSF, Zoot Enterprises, and other major businesses are forming the Montana Coalition for School Readiness, and will be urging this 66th legislature to make a substantial state investment in quality pre-K.

They, and we, know preschool works. I ask you to invest \$30 million over the next two years: \$22 million for public schools through the school funding formula and \$8 million for Head Starts and private and community providers through the STARS program. Let's provide kids and families in rural and urban areas access to high-quality, voluntary, affordable preschool options.

The future leaders of our state deserve no less.

And let's not stop there.

Let's once again freeze in-state college tuition and prevent what is effectively a tax increase on 28,000 Montana students and their families.

HOUSE JOURNAL
NINETEENTH LEGISLATIVE DAY - JANUARY 31, 2019

And let's finally join 49 other states providing state-funded, need-based financial aid for students and adult learners. If we are willing to provide 5 million dollars for need based-aid, the university foundations will match our investment, better opening the doors of access to higher education to all Montanans.

These investments - from preschool to higher education - don't just make a difference today, they will determine for decades to come the economic success of Montana students, workers and families.

Another opportunity we have to impact the lives of Montanans is improving the health of Montanans, our businesses, and our economy.

When I first stood at this rostrum in 2013, I asked that we transform the way we deliver healthcare, so we can create jobs and take care of those who need our help the most.

At that time, our state's uninsured rate was at a staggering 20%; it is now the lowest it's ever been at under 8%.

In 2013, we were investing just \$75 million annually in community-based mental health, substance use treatment, and services for children, seniors and people with disabilities. Today, we are making record investments in these services, over 135 million each year, plus serving an additional 14,000 adults, children, and people with disabilities.

We nearly doubled the number of Substance Use Treatment providers, while expanding access to 135 locations across our state.

And Montanans now receive equal treatment under their healthcare plans for mental health, as they do for physical health.

In 2013, there was no consistency in what the state was charged for medical care. At one facility, the State was charged \$105,000 for a knee replacement of a state employee - six times more than it would cost on Medicare. Through referenced based pricing, we've now made medical costs more predictable, consistent and comparable among facilities. As a result, taxpayers have saved over \$13 million in state health plan costs in less than two years.

I will never forget a visit to Choteau for a community meeting during the 2015 session. I remember the hospital administrator telling me that 42% of the people that walked through their hospital doors didn't have insurance. And the Chair of the County Commission, Joe Dellwo, telling me how that hospital had saved his life, and that, if they lost that hospital, they could well lose their community.

In 2015 we came together and passed one of the most innovative Medicaid expansion programs in the nation. We require those receiving healthcare to have skin in the game and collect around \$5 million in premiums each year. And unlike every other program in the nation, we offer those receiving healthcare an opportunity to improve their lives and their employment by connecting with our Department of Labor.

HOUSE JOURNAL
NINETEENTH LEGISLATIVE DAY - JANUARY 31, 2019

Just as our program is unique to the nation, so too are its results. No other state has increased labor force participation like we have because of our HELP-Link program. The work done in Montana - our work - is a national model that other states are looking to adopt.

Now if I told you I had a business coming to Montana that would create between 5,900 and 7,500 jobs in every corner of this state - that would infuse over \$350 million of new personal income into our state - you would all tell me that sounds pretty darn good.

Well, that's exactly what Medicaid expansion has done and will continue to do. And it has also done so much more.

That hospital in Choteau remains open today. In states that didn't expand Medicaid, rural hospitals have been closing at a rate six times greater than those that did. We haven't lost one, and uncompensated care is down 50% statewide.

Through the expansion we passed in 2015, we are providing more than just basic health care. Over 33,000 of our friends and neighbors have received mental health services. Almost 10,000 have been treated for substance abuse.

It is that healthcare, physical and mental, that allows people to work. We know in 2017, seven out of ten Montanans on Medicaid expansion were employed while enrolled. Those who are not employed are growing in their careers through school or workforce training, care givers for a family member, or are sick or disabled themselves.

It doesn't make sense to me that when we have a nationally-recognized model that is helping people succeed in today's economy, we'd consider any measures that take health coverage away from working folks; measures that cost more to administer than provide the services in the first place; or measures that won't pass muster in the courts.

And Medicaid expansion benefits businesses in every county - all 56 across Montana - in every industry, and of every size.

Montana legislators reflect the businesses in our state. Some of you own restaurants, fast food chains, or grocery stores. Some of you own construction companies or hotels. And many of you own small businesses.

Almost 9 out of 10 hotel and restaurant businesses here rely on Medicaid expansion to provide healthcare for at least some of their employees. Two-thirds of our Montana businesses in retail, and over half of our construction firms, rely on Medicaid. In total, nearly 18,000 Montana businesses had one or more of their employees enrolled in Medicaid expansion in 2017.

I have listened to concerns from legislators on both sides of the aisle about the need to provide sufficient mental health funding. Without expansion, kiss those gains goodbye. I hear from you the need to support rural communities. The rural hospitals we are sustaining keep those communities viable.

HOUSE JOURNAL
NINETEENTH LEGISLATIVE DAY - JANUARY 31, 2019

I have heard about the need to support our businesses. With almost 3 out of every 5 of MT businesses relying on Medicaid to provide healthcare for at least some of their employees, you aren't supporting our businesses big and small if you roll back the gains we made with expansion.

It is critical that we remove the sunset on Medicaid expansion. That we protect the healthcare for 95,000 of our family, friends and neighbors. That we protect our rural hospitals. And our economy.

Beyond Medicaid, Montanans hope and expect that being covered by health insurance will protect them from financial ruin if they are sick or injured. But sometimes, even having health insurance coverage isn't enough. We can do more.

I am asking you to lower premiums by as much as 20% for Montanans covered by individual health insurance by passing Senate Bill 125 to create a state reinsurance program.

And Montanans should expect to know what they will be paying for and how much the bill will be, even before they receive medical care. House Bill 152 would protect us from "surprise" medical bills that are all too frequent.

Finally, it makes no sense that pharmacists can't tell their patients when there is a different brand of medicine that would cost less than even their co-pay. That's why we are proposing a measure to put this practice by pharmacy benefit managers to an end.

We have the opportunity - not only to protect the progress we've made improving the health of Montanans and our economy - but to build on that progress.

The long-term health of our communities also depends on whether or not they are able to sustain the strong economic growth Montana has experienced in recent years.

When I first stood at this rostrum in 2013, I asked you to take advantage of historically low interest rates, invest in infrastructure, and immediately create thousands of jobs across our state.

We have now gone six years without passing a major infrastructure package. When you take into account increased inflationary costs and borrowing rates, \$100 million worth of infrastructure delayed from 2013 would now cost us \$154.5 million. Don't kid yourself, this will only increase over time.

That's not to say we haven't made progress. Over the past six years we have invested 300 million in our communities and at our colleges to ensure, at the very least, we don't fall further behind.

Those investments have gone to upgrade water, sewer, schools and bridges in all 56 counties. Every single county in our state has gotten a piece of the pie.

Yet, when it comes to a major infrastructure package, each time we have fallen a couple votes short. The failure isn't because of lack of interest, or lack of need - it is because of the two-thirds vote required for bonding. This wasn't always the case. Republican Governors Stephens, Racicot, Martz - with mostly Republican-led legislatures, all passed bonding measures. And it is time you

HOUSE JOURNAL
NINETEENTH LEGISLATIVE DAY - JANUARY 31, 2019

do as well.

What I've proposed is a \$290 million investment in infrastructure.

In crafting this proposal, I have listened to your concerns. I heard you tell me that too much goes to buildings and not enough to base infrastructure. I've proposed more money for horizontal infrastructure - water, sewer, solid waste disposal, bridges and broadband - than buildings.

I have heard you tell me that not enough money goes to rural areas. I included a \$44 million grant program for Montana's natural resource communities, largely, in Northern and Eastern Montana, that are impacted by fossil fuel development.

Look, I understand some of you don't like the idea of upgrading our historical society or Romney Hall, the university system's number one priority. Yet, I believe you also understand that both upgrades are desperately needed and both are institutions that we - you and I - are responsible for taking care of. And, because of legislative inaction, both are frankly embarrassments.

Even if, despite the demonstrated need, you don't like those buildings, recognize this. If we are ever going to break this logjam, we have to provide for rural and urban, for our public institutions and for our smaller communities that cannot pay for their own water and sewer upgrades.

We rank 47th in state debt, per capita. Other states have chosen to incur reasonable borrowing rather than passing on crumbling infrastructure to their kids. We are out of step with the rest of the country.

Break the logjam. This session, let's deliver infrastructure for Montana for now and for future generations of Montanans.

Now, you and I both know that the distance between Helena, Montana and Washington, D.C. is measured by more than the 2,150 geographical miles. We see each other as neighbors first. When making political decisions we still share a common set of facts.

By and large, we treat one another with respect, even when we disagree. Our politics are more than a sport, or a zero-sum game. You don't have to hold a town hall meeting to hear what's on people's minds. I know, like me, you hear it wherever you go - at the grocery store, at church, at high school sporting events.

And our campaign contribution limits are among the lowest in the nation and will stay that way, because the U.S. Supreme Court recently rejected a challenge to those limits. When I stood at this rostrum in 2013, I asked the members of this body to help me preserve the integrity of our elections and guarantee that our elections will never be auctions. Dark money and outside spending on our state elections was rampant in Montana, thanks to the 2010 Citizens United decision.

Whether you supported it at the time or not, I hope all members of this body take pride in the fact that, because of the DISCLOSE Act of 2015, many of those dark money groups have folded up their tent and left our state.

HOUSE JOURNAL
NINETEENTH LEGISLATIVE DAY - JANUARY 31, 2019

And, for those that remain, dark money groups can no longer hide behind their tax status and have to report their spending during the last ninety days of our state elections. We should all celebrate that our elections are more transparent, and closer to our citizens, than perhaps any other state in the nation.

Just as Montanans now know who is attempting to influence our elections, Montanans should also know that the source of that money isn't coming from foreign countries. I'm asking this body to pass a law expressly outlawing foreign spending in our state elections. It's a glaring omission that we don't have a foreign money ban, as other states have already protected their elections.

Montanans expect that their government will work for them - Montanans, Americans - not anyone else.

Education. Healthcare. Infrastructure. In these and other areas, Montanans elected us to govern and to serve. To make decisions that do good, rather than do harm.

A little over one year ago, lawmakers were in the hallways of this Capitol for my first, and only, special session. You relayed to me in the months that followed that the cuts - which many of you in this chamber voted for, and made permanent - resulted in harmful, real-life consequences for Montanans all across our state.

Just as I have every session, I'm eager to work with Democrats and Republicans to ensure we pass a budget that is balanced and fiscally responsible. But let's make sure the consequences of 2017, and the resulting special session, will serve as lessons learned, not lessons repeated, moving forward.

I will insist on a \$300 million reserve for unforeseen circumstances.

The difference between reserving \$300 million instead of \$200 million is one bad fire season, or a .3% error in revenue estimating over the next two and a half years. It's the impact of things we can't control, like government shutdowns and trade wars, market volatility and investor anxiety. A \$300 million reserve - one that's accessible, not requiring we decimate government services before these funds become available - safeguards us from those factors beyond our control, and from repeating past mistakes of eliminating services that our fellow Montanans rely upon.

To make sure we have that money in the bank, I'm requesting changes that reflect Montana's changing economy by increasing the revenue the state receives from hotel guests, car rentals, investment licenses, tobacco products, and hard liquor.

Let's craft a budget that is balanced, funds the services Montanans expect, and leaves money in the bank for unexpected things that might come our way. Don't send me a budget where the cuts aren't realized until after you adjourn, and don't send me a budget where I'll have to make the cuts due to the failure of this legislature leave money in the bank. Because, if you do, I will send it back.

I believe the budget I have proposed is a reflection of the values we hold as Montanans. It is a reflection of all of the progress we've made as a state these past six years and seeks to build upon

HOUSE JOURNAL
NINETEENTH LEGISLATIVE DAY - JANUARY 31, 2019

that progress with responsible investments in areas Montanans expect.

And it is a reflection of my optimism that we can create a brighter future for everyone fortunate enough to call themselves a Montanan.

I am an optimist. Six years ago, I walked into this job hopeful and determined. And tonight, I am no less optimistic than I was the first time I stood before you.

In my very first State of the State I implored this body to act like our kids are watching and learning from our words and our deeds. Because they are. I'm optimistic...that we can be role models that inspire the next generation. And if some leaders fall short, I am optimistic that our friends and neighbors, our fellow Montanans, will demand better.

I'm optimist...that we can demonstrate while we may have our differences at times, Republicans and Democrats can still work together in Montana to get things done, without shutting down our government.

I'm optimistic...that we can base our decisions not only on today's needs, but with an eye toward improving the Montana our kids and grandkids - future legislators and governors - will inherit.

I'm optimistic...because Montana...this place, its people, its purpose...built for me a world where the improbable was achievable. That's a story each of us understands, because it's our story.

Every kid growing up in Montana deserves that same promise of opportunity.

As we come together this session, the state of our state is strong. We as Montanans are strong. And by working together, by following the course we've set, we'll ensure that the Montana our kids and grand kids inherit is stronger than ever before.

Thank you, God bless you, God bless Montana, and God bless the United States of America.

HOUSE JOURNAL
TWENTIETH LEGISLATIVE DAY - FEBRUARY 1, 2019

57 years ago today, my 19 year old mom was pregnant with me. Working at the Missoula Merc in the hat/glove dept. while putting my dad through school at the U of M. Dad was also serving with the 36th Rifle Company out of Butte, where they would meet at Fort Missoula, along side two other fellow Marines you might have heard of before. Bobby Hauk's dad, Bob Hauk Sr. and John Bollinger. My folks they were working four jobs, and graduated in 1962 from U of M, and as the son of a Marine and a mom who faithfully served her family. They modeled hard work and service to me.

As a citizen legislature, you understand the importance of serving your constituents and communities as you put your lives, businesses, jobs and outdoor passions on hold and come to Helena to serve.

Montana is one of 30 states left that has a citizen legislature, and one of only four states that operate part time, with a small staff, and for not a whole lot of money.

You understand the importance of giving back and serving your communities. And for that, Montanans thank you.

Speaking of service.

Thank you to our State House members for passing a bill last month memorializing and honoring Broadwater County Deputy Sheriff Mason Moore who was tragically killed in the line of duty in May 2017. I look forward to seeing the State Senate follow suit very soon.

Next week, President Trump will deliver his State of the Union address. Each Member of Congress is allowed to bring one special guest to join and sit in the gallery to watch the special evening unfold.

This year, I'm honored to bring Mason's wife, Jodi Moore, as my guest.

Jodi's courage and bravery in advocating for our first responders since her husband's passing is remarkable. Jodi is a true Montana hero. And I am thankful for her service.

Ladies and gentlemen, as you know, we are here to serve, not be served. I worked in the private sector for 28 years before public service and for 28 years never took an oath before starting a job, until being elected to the U.S. House. We take an oath, an oath it is not to a particular political party. As a United States Senator, I take an oath to support and defend the Constitution of the United States. As Montana legislators, you all take that same oath, and you take an oath to protect and defend the Constitution of the state of Montana. We are here to serve, not to be served.

But there is no denying the reality of some of the challenges we face today. We are living in a very politically divisive world.

However, the issues most important to Montanans should not be held captive to the partisan politics that we're seeing in both Helena and Washington, D.C.

HOUSE JOURNAL
TWENTIETH LEGISLATIVE DAY - FEBRUARY 1, 2019

Montanans know what's best for Montana.

Montanans don't want the government controlling their everyday decisions and they don't want the government's hand reaching deeper into their pockets.

Montanans want less government and more higher paying jobs.

Montanans want a growing economy and expanded tax base.

Montanans want access to their public lands.

These issues should be bipartisan.

While there is much to be done, we have made some great strides in growing our economy and creating jobs.

The U.S. economy is ranked as the most competitive world economy for the first time in a decade. We experienced the 3rd best year for job creation this century and one of the best years in a decade for wage growth. Middle class income recently hit an all-time high.

In December 2017, President Trump signed one of largest tax relief bills in our nation's history. Montanans on average get to keep a \$1,000 more of their hard-earned dollars. And we've seen almost 5,000 new jobs created in Montana.

My hope is the state of Montana doesn't raise what we just cut.

With the economy growing, we're seeing employers across Montana needing more workers.

The number of Americans participating in the work force is at multi decades low. We can do more to bring able bodied adults back into the work force.

We need to reform government assistance programs to be a springboard to independence, and not a sinkhole of dependency.

Government assistance programs for able bodied adults should be focused on helping people get back into the workforce not keeping them out.

We also need to drive workforce development and promote more apprenticeship programs.

Montanans also want safe, and healthy communities.

Montana is facing a devastating meth epidemic that is tearing our communities apart and destroying families.

From 2011 to 2017 we have seen a 415% increase in meth cases. We have seen a 35% rise in violent crimes. Our foster care systems are being overwhelmed.

HOUSE JOURNAL
TWENTIETH LEGISLATIVE DAY - FEBRUARY 1, 2019

It's going to take an all hands-on deck effort from federal, state, and local governments, as well as individuals and community groups to fight this battle. I will continue working with local law enforcement, Attorney General Fox, and U.S. Attorney Kurt Alme to stop this crisis.

I'm thankful that in October 2018, President Trump signed landmark legislation into law that included two of my bills to help combat this crisis: the Mitigating METH Act and the STOP Act.

Montana's meth crisis has a direct impact on the epidemic we're seeing in tribal communities with missing and murdered native women and girls. Solving this issue must be bipartisan.

We have all been horrified by the tragic cases of Ashley Loring-Heavy Runner of the Blackfeet Tribe and Henny Scott of the Northern Cheyenne Tribe.

These stories are unacceptable. We must do better for these families. We must work to strengthen coordination between federal agencies, state and local governments. We must work to get more BIA agents on the ground. Fix the problems that have caused the process to be held up by prolonged FBI background checks, something Senator Jason Small and I have discussed.

Last month, I requested an official U.S. Senate hearing on this issue in Montana, so we can hear directly from families and tribal members on the ground. I will keep working until that happens.

Montana's meth crisis is another reason why we must secure our southern border. Just yesterday, Border Agents seized the largest Fentanyl bust in U.S. history. Enough Fentanyl to kill 57 million people.

Securing our borders is a fundamental role of the federal government and it should be bipartisan.

Securing our borders has a direct impact on Montana because our communities are being torn apart by Mexican meth coming through the southern border. In 2018, U.S. Customs and Border Patrol seized almost 250,000 pounds of meth coming from Mexico.

We must secure our borders and protect our communities from illegal drugs.

Montanans want lower prescription drug prices. That is bipartisan.

We must work to increase access to affordable medications for Montanans. I'm glad to see leadership in the state taking action on this important issue TODAY! Montanans want accountability and commonsense in Helena and Washington, D.C. That is bipartisan.

Last month, I introduced six bills in the U.S. Senate bringing accountability and commonsense to Washington, D.C.

If Congress can't pass a balanced budget, they shouldn't get paid. That's why I introduced the No Balanced Budget, No Pay Act.

I think Members of Congress should serve their time and go back home. I don't believe our

HOUSE JOURNAL
TWENTIETH LEGISLATIVE DAY - FEBRUARY 1, 2019

Founding Fathers envisioned Members of Congress building lifetime careers in DC.

What Montanans want to see is government that is serving the people, and not the other way around. Government, whether DC or Helena should not be a burden on Montanan's. It should not be impeding economic growth and prosperity.

We've seen the detrimental impacts when that doesn't happen.

Look what's happening right here in our backyard.

What is standing in the way of Keystone Pipeline creating \$60 million a year in revenue for Montana that would be used towards helping our schools, paying our teachers more.

What is standing in the way of 27 Montana timber sales that would create jobs, and reduce the risk of catastrophic wildfire, improve wildlife habitat?

What prevented the Yellowstone Intake Project from completion?

It's activist judges with politically motivated agendas.

That's why confirming judges is one of my most consequential votes as a United States Senator. They are lifetime appointments.

Montanans want judges that base their decisions on facts. Montanans want judges that base their decisions on the law. To ensure the laws are in accordance with our Constitution.

I'm thankful that over the last two years, the U.S. Senate has confirmed 85 judges to the bench. That includes a record setting 30 Circuit Court judges, 53 District Court judges, and 2 new Supreme Court Justices, but we must not stop there.

Because as we've seen with Keystone, Montana timber sales and the Yellowstone Intake Project, decisions made by our judges have direct impacts on the lives of Montanans.

This Congress I was just appointed to serve on the U.S. Senate Finance Committee. I'm just the third Montana senator to ever serve on this Committee, and the first to serve on U.S. Senate Finance and Appropriations Committees at the same time in 75 years! This is a good thing for Montana.

The Finance Committee has jurisdiction over taxes, trade agreements, and healthcare.

I also remain on the Senate Energy and Natural Resources Committee, and Senate Committee on Indian Affairs. These are both extremely important to Montana.

I was also grateful to be recognized as the most effective & most bipartisan Senator in my elected class.

HOUSE JOURNAL
TWENTIETH LEGISLATIVE DAY - FEBRUARY 1, 2019

I will not stop fighting for commonsense solutions to issues that matter most to Montanans. Because I am here to serve, not be served.

And speaking of service, let me close with this story.

This past December I had the honor of visiting Kalispell's 495th Combat Sustainment Support Battalion in Afghanistan.

I had the privilege of meeting Lieutenant Colonel Michael Beck from Great Falls. Lt. Col Beck's service exemplifies the unique challenge our citizen-soldiers face: balancing two careers, civilian and military, while also raising families and being leaders in their communities. Since joining the military 35 years ago, Lt. Col. Beck has been deployed 6 times.

When Lt. Col. Beck is not downrange wearing his nation's uniform, he serves the community of Great Falls as a high school science teacher at C.M. Russell High School. He is also a loving husband to Jeri and the proud father of Camryn and Caleb.

I also met Sergeant First Class Amy Good of Libby. I couldn't help but notice there were two "Good" soldiers – both from the Libby area. Come to find out – there are six Guardsmen serving in Sergeant Good's family. Wow. Talk about a family who understands the importance of service.

We hand carried over about 50 lbs of Montana's own Hi-Country Beef Jerky and homemade cookies from my staff.

Visiting Kalispell's 495th was a great reminder of what true, dedicated service means.

Ladies and gentlemen, the 495th models for all us. We are here to serve, not be served. Let's keep working together on behalf of the people of our great state. Thank you

Speaker Hertz thanked Senator Daines for his remarks and directed the Committee escort the Senator from the Chamber.

Sargent-at-Arms Murfitt escorted the guests from the Chamber.

Speaker Hertz called the House back to order.

Representative Pierson rose on a **Point of Personal Privilege** to thank Lieutenant Colonel Michael Beck from Great Falls for his military service.

House Chambers
State Capitol

House convened at 1:00 p.m. Mr. Speaker presiding. Invocation by Representative Gunderson. Pledge of Allegiance to the Flag.

Roll Call. All members present, except Representative Bahr, excused. Quorum present.

SPECIAL ORDERS OF THE DAY

Speaker Hertz moved the House revert to Order of Business #11, Special Orders of the Day, for the purpose of receiving an address by the Honorable Congressman for the State of Montana, Greg Gianforte. Motion carried

Majority Leader Tschida moved Speaker Hertz be authorized to appoint a committee of two members to escort the United States Congressman into the House Chamber. Motion carried.

Speaker Hertz appointed Representative Bartel and Representative Kerr-Carpenter. The Committee was discharged.

Sergeant-at-Arms Murfitt notified Speaker Hertz that United States Congressman, Greg Gianforte awaited entrance to the House Chamber.

The Committee escorted the Congressman into the Chamber.

Speaker Hertz introduced the Honorable Greg Gianforte, United States Congressman for the State of Montana. Congressman Gianforte gave the following remarks:

Mr. Speaker, members of the legislature, other officials, my friends, and my fellow Montanans, it's an honor to be with you today.

It's good to see so many familiar faces. I want to thank you up front for your service. You put your lives on hold, serve as citizen legislators, and go back to live and work in your communities. This is how our Founding Fathers intended for Congress to work. I've represented Montana for a little over a year and a half, and I can tell you there aren't enough citizen legislators in Washington.

Our Montana citizen legislature is part of what makes Montana special.

Effective public service is not something you can do by yourself. It takes a big team. I appreciate working with you to bring greater prosperity and opportunity to more hardworking Montana families.

Government does not create prosperity. The private sector does. Montana businesses and hard-working Montanans create jobs and opportunity.

HOUSE JOURNAL
TWENTY-SECOND LEGISLATIVE DAY - FEBRUARY 4, 2019

Government should and must create an environment where businesses can grow and thrive. We must continue working to get government out of the way so that all Americans and Montanans can prosper.

There is good news. Our economy is booming. The pro-growth policies we've put into place in Congress in the last two years are working. I'm proud of the tax cuts we enacted to help all Montanans.

A typical Montana family will take home about \$2,300 more this year. That's money for retirement, a new car, home repairs, bills, and savings. A single mom with three kids here in Helena will take home an extra \$400 per month, because we cut tax rates and doubled the child tax credit. That's more money for that family – for clothes, food, books, and toys. It made the difference between a car that works and one that doesn't. It's certainly not just crumbs.

Tax reform has also helped open the spigot for Montana businesses to invest, grow, and create more jobs. As I tour the state, I visit many businesses. At Loenbro in Great Falls, thanks to tax reform, they are investing in construction equipment – excavators and bulldozers – to expand their operation. That investment creates jobs. They're also increasing worker benefits and enhancing training programs.

At a roundtable with small business owners in Bozeman, one entrepreneur told me new tax policies were a big part of her decision to launch two new businesses.

At Billings Flying Service, I met with owners and employees who talked about how the company is investing in updated equipment and led them to new research and development.

And just last week a small business owner in Billings told me his business will get a larger tax refund than they expected, and he plans to invest it in expanding his business.

We've also been getting rid of unnecessary, burdensome regulations. Montana's business owners should be able to spend more time with their families or working with customers and less time filling out needless paperwork.

We enacted a new Farm Bill into law that has Montana's fingerprints on it. It's a win for Montana's farmers and ranchers who work the land to feed our country and the world. The new Farm Bill provides a strong safety net that protects against the impact of natural disasters and unpredictable, unfair trade practices of other countries.

The new Farm Bill also includes a provision I secured to empower county governments to help manage our federal forests. With that increased local engagement, we can begin to manage our forests again to make them healthier, increase access, reduce the severity of wildfires, and bring more good-paying timber jobs.

I'm also pleased to report that we passed the VA Mission Act to ensure our veterans get the health care they have earned.

HOUSE JOURNAL
TWENTY-SECOND LEGISLATIVE DAY - FEBRUARY 4, 2019

Lowering taxes and cutting red tape are working in Montana and across America.

Our economy is growing at its fastest pace in a decade. More than 5 million jobs have been created since 2016.

In fact, the U.S. Department of Labor reported on Friday that more than 300,000 jobs were created in January.

Unemployment hit a 49-year low. Wages and benefits are growing at their fastest pace in a decade, and Americans in the lowest income levels are the biggest recipients.

Optimism is on the rise. We're helping people realize the American dream again.

The outlook in Montana is strong. We've created more than 10 thousand new Montana jobs since 2016. Montana's unemployment rate is below the national average.

That's all very promising, but there are still causes for concern. Montana still ranks near the bottom in the nation in wages, and Montana families struggle to make ends meet.

Plus, Montana's workforce has grown barely 3% in the last decade, and consequently we don't have enough workers.

Unfortunately, our most valuable export continues to be our kids. Our lower wages in Montana encourage them looking elsewhere for opportunity.

As a dad of four, I'd like to see my kids and grandkids often, but if they don't live in Montana, that doesn't happen.

We've come a long way from the high-tax, high-regulation era of the last administration, but there is more to do.

Imagine if Montana took a page from our national pro-growth playbook. We'd have more jobs, higher wages, greater innovation, and more opportunities for Montanans to prosper and maybe more of our kids and grandkids could come back home.

One critical path to growth and opportunity is to empower our workforce. We've got to ensure Montana workers have the tools they need to succeed.

A four-year college degree isn't the right education for every person. There are many jobs where specialized skills are required. We should promote trades education so Montanans have more options to succeed.

We should expand apprenticeship programs that empower Montana workers.

We should make sure Montana job creators have access to the kind of talent they need, and workforce development is a key way to get there.

HOUSE JOURNAL
TWENTY-SECOND LEGISLATIVE DAY - FEBRUARY 4, 2019

In addition to building a stronger workforce, we should continue encouraging and nurturing entrepreneurship. Entrepreneurs create businesses and businesses create jobs – that's why we need more entrepreneurs. Fortunately, Montana is a national leader in entrepreneurship.

We have more entrepreneurs per capita than any other state. It's no surprise – our quality of life attracts them, including our outstanding public lands.

I'm proud to have had a hand in building this entrepreneurial movement in our state. Susan and I started a business in our home in Bozeman over twenty years ago. It grew to 1,100 employees and one of Montana's largest employers. Our average wage in Bozeman was almost \$90,000 per year. Because of that success, we now have over 300 high-tech firms in our state.

Our growing high-tech industry adds diversity to our Montana economy. It complements agriculture, natural resources, and tourism. Tech may be one of the best ways to bring prosperity to more Montana communities and bring our kids home. In fact, tech is the fastest growing sector in our economy, growing 9 times faster than the overall economy. Plus, Montana's average high-tech wage is double the state's average.

Again, entrepreneurship is key, and we should continue encouraging it.

We also need to make Montana more competitive. To get there, we must reduce the cost of doing business in our state. We should create a climate where businesses can more easily grow and create jobs. We need regulatory, legal, and tax reforms to sustain greater growth and more opportunity in Montana.

Ultimately, we cannot tax our way to prosperity. We should look to lower rates, not create new taxes. Montanans should keep more of their hard-earned money.

We must also look at ways to improve our infrastructure. Central to those efforts is streamlining the permitting process. Permitting requirements tie up critical projects in layers of red tape. Permitting delays and frivolous lawsuits have also prevented us from responsibly developing our natural resources and managing our forests.

Another piece of infrastructure that we must address is rural broadband. We have to bring reliable broadband to all of our Montana communities. Rural broadband is foundational for our new and evolving economy, whether it's health care, education, ag or high tech. Improving broadband in rural areas is a bipartisan issue and one of my focuses in Congress.

And while we should focus on growing opportunity here in Montana, we must also take care of the most vulnerable among us. As a society, it is our moral obligation. A strong economy gives us the ability to fulfill that obligation.

Charitable organizations and communities throughout Montana provide a hand up to those who are struggling. It's part of who we are as Montanans. Neighbor helping neighbor should be encouraged and supported.

HOUSE JOURNAL
TWENTY-SECOND LEGISLATIVE DAY - FEBRUARY 4, 2019

As lawmakers, we must ensure a strong safety net is in place for those who need it most. We must be committed to helping those who have fallen on hard times get back on their feet. We must ensure that those who are able can secure the dignity of work and enjoy the fulfillment that comes from working alongside others and being self-sufficient.

We're turning a corner together. You can see it in the optimism across the country and in our state. For too long, too many Americans felt the American dream slipping out of reach. But now, we're seeing safer communities, a more secure America, and a booming economy. The America dream is coming back.

We're on the right track, but there's much more to do.

At the national level, we can't afford to go back to the failed policies of high taxes and burdensome regulations.

Here in Montana, we must act as well.

We must create an environment where people can achieve the American dream – earning a good living, raising a family, owning a home, contributing to our communities, and retiring comfortably.

We must also create an environment where businesses can build, grow, and create good-paying Montana jobs.

There is a path forward to greater prosperity and more opportunity in Montana, and we should be bold and take it.

Folks, we live in an amazing place. Montana is special.

I'll always stand with Montana. I'll always focus on what's best for Montana. And I'll always put Montana first.

Thank you. God bless you, God bless Montana, and God bless America.

Speaker Hertz thanked Congressman Gianforte for his remarks and requested the Committee to escort Congressman Gianforte from the Chamber.

Sergeant-at-Arms Murfitt escorted the guests from the Chamber.

Speaker Hertz called the House back to order.

Sergeant-at-Arms Murfitt notified Speaker Hertz the Fort Belknap Assiniboiné and Gros Ventre President, Andrew Werk Jr. awaited entrance to the House Chamber.

The Committee escorted President Werk into the Chamber.

Speaker Hertz introduced the Honorable Andrew Werk Jr., President of the Fort Belknap Assiniboiné and Gros Ventre Tribes. President Werk gave the following remarks:

Thank you members of the legislative branch for inviting me to give this important message. As we come together this afternoon, we look back, not to dwell on the past but to learn from and be guided by it. We look forward to the future, to where we want to be and how to protect and address the needs of our people and our communities.

Our best opportunity is through partnership and collaboration.

Native Americans, Tribal governments, citizens of Montana, state and local governments, and the State Legislature all share in the important responsibility to care for one another and look after our great State of Montana.

While we may not agree on all of the issues, when we come together – every two years for our biennial legislative session – we strive to understand and respect all opinions and all viewpoints. This is what collaboration and partnership is about. This mutual respect and understanding between and among all our sovereign governments is the foundation for making decisions that best serve us all.

HOUSE JOURNAL
TWENTY-FIFTH LEGISLATIVE DAY - FEBRUARY 7, 2019

The needs are increasing in every sector of government, presenting challenges, but more importantly, opportunities, and this is why partnerships and collaborations are important in this session.

Given how closely tribal governmental services are impacted by the decisions of the federal government, the recent shutdown translated into significant struggle on our reservations to keep important services available to tribal members. On that note, I want to personally thank Governor Bullock for reaching out to our respective tribal governments at the onset of the shutdown to see how the state government could assist our people. Thank you, Governor!

That is our tribal tradition: helping each other in order to survive, making limited resources stretch, enduring harsh weather, and always – always – helping each other in times of need. Beyond the boundaries of our reservations – all across this great state – that is what binds us as Montanans.

We can all acknowledge that limited resources and competing demands for those resources is a challenge, but when we accept and embrace that we are in this together, we see beyond the challenges and the challenges turn into opportunities. United we rise, divided we fall.

We accept this challenge. And today I ask all of you here to keep hearts and minds open to all of our needs, especially those whose needs are greatest and those who are most vulnerable, including our children, elders, and veterans.

As I look around this room, I see the faces of all of Montana. And this legislative session, I am proud to report, a record number of Native Americans are serving and representing the interests of tribal citizens, community members, and tribal and local governments across the state. Our Native American legislators are an inspiration to us all and are setting a strong example for future generations.

The people of Montana elected eleven Native American legislators – three in the Senate and eight in the House. This is up from a total of nine in the 2017 legislature and eight in the 2015 legislature.

The power of organizing and voting gives Native Americans a voice in the development of policies. The record number of Native American legislators, as well as a record number of Native Americans showing up at the polls – despite a history of voter suppression and apathy.

But it's not about your needs vs. my needs, or Republican vs. Democrat, or funding this department or that department. It's about helping ensure that all our needs are met, helping all of us thrive. We share the responsibility of being a part of this process to find solutions.

The Native American Caucus is actively pursuing legislative priorities to support the interests of Indian Country in several key areas, including improving access to healthcare and healthcare services; protecting Native American children and solving more cases of missing and murdered women and girls; youth suicide prevention; honoring our veterans; and preserving Indigenous languages and facilitating the education of Native youth.

As you know, in 2015, the Montana Legislature passed the bipartisan Health and Economic

HOUSE JOURNAL
TWENTY-FIFTH LEGISLATIVE DAY - FEBRUARY 7, 2019

Livelihood Partnership (HELP) Act, extending health care coverage to Montanans. Since the passage of Medicaid Expansion over 15,000 tribal members have more access to healthcare.

Not only does the HELP Act have the potential to assist in closing the staggering American Indian health disparities gap, it brings much-needed health care dollars into Indian Health Services tribal and urban health facilities.

Medicaid expansion is critical for improving American Indian health and health care delivery systems in Indian Country, resulting in a significant influx of federal dollars into the state. Because of these enormous benefits to American Indians and to Montana, I urge Montana legislators to continue to support Medicaid expansion so that low-income Montanans and eligible American Indians can continue to access the type of health care that is critical to Montanans' health, wellness, and sense of wellbeing.

The state of Montana in partnership with Tribal Nations have created community-based tools to address the increasing number of youth suicides in Montana and Indian country. We have the responsibility to continue to support efforts by creating policies to commit resources to saving the lives of our youth.

My mother once stood in this very room advocating for solutions impacting tribal communities, as a legislator. I am proud of the work that my mother and other inspirational indigenous women leaders have accomplished in this room. I am humbled to look out and see native women here today.

We must continue to work with them to address the challenges that persist. We should all be appalled at the staggering number of murdered and missing indigenous women and children. Native American women and girls face a murder rate that is 10 times the national average. More than 4 in 5 Native women have experienced violence.

Just recently, Senator Jon Tester wrote a letter to the Federal Bureau of Investigation and Bureau of Indian affairs criticizing the handling of the case of 14-year-old Henny Scott of Lame Deer, who was found murdered in December.

It took 13 days for law enforcement to notify the public that a missing person's report had been filed. Here is what Senator Tester had to say, "I am troubled by the trend of inadequate responses to these types of situations." Tester went on, "We cannot hope to solve the Missing and Murdered Indigenous Women epidemic if we do not address how law enforcement initially responds in these cases."

Fortunately, this is a bipartisan issue. Senator Daines has also been instrumental in assisting with ways to address the issue and having called for a hearing in Montana.

Several bills have been introduced this session that would change laws related to the reporting of missing children and address missing and murdered indigenous women in Montana. These are first steps towards making sure missing Native children and Native women do not fall through the cracks of our legal system. In the words of the Indian Caucus and those who are still missing, "Our

HOUSE JOURNAL

Indian lives, especially missing women and children's lives, matter!"

It's time to act on this crisis. This isn't a "reservation" problem, and this isn't a Native American problem. This is a Montana problem, and we must come together and unite as Montanans to address the causes of this crisis and implement a solution.

Governor Bullock declared in his State of the State address that, Our State is Stronger than ever Before. We agree, with the caveat that, Our State isn't Strong unless its Indigenous people are Strong.

It is critical for Montana's Indian country to preserve our history and pass down our tribes' languages to the next generation. Language preservation is important to our people. Each tribe in Montana has their own sacred history and teachings to pass on, and we fear that the gap is closing within these opportunities to teach our youth.

Now, more than ever, we realize preserving our indigenous languages is a crucial building block within our culture and is of immense value to humanity. We need to continue to build programs that will sustain our tribal nation's diverse languages and honor our heritage.

We urge your support of bills to preserve Indigenous languages in the state and particularly to extend the Indian Preservation Program enacted in 2013.

We also urge your support of bills that help our young people receive the education they deserve and need to compete in the workforce and thrive in the world. This includes bills that would help students with low English proficiency improve their language skills and ensure that credits earned by students at Montana's seven tribal colleges are transferable to the Montana university system. Suicide rates in Montana are unacceptably high, especially among American Indian youth. Between 2016 and 2017, over 18 % of American Indian high school students in Montana attempted suicide at least once. The suicide rate among American Indians ages 11 to 24 is more than five times as high as the statewide suicide rate.

We can and must do better. Fortunately, there are several bills so far this session aimed at addressing this travesty, including a bill to encourage mental health screening for students and ensure that students have the opportunity to receive appropriate services following the screenings.

We must take care of our veterans, including Native American veterans. Taking care of our veterans is how we show our appreciation and respect for their services. Native Americans in this state have the highest rate of military enlistment in the country. Several bills have been introduced that honor the contributions our veterans have made to this nation by extending services and funding for our veterans.

While Native Americans are showing up in record numbers at the polls, we know that efforts to undermine Native voting continue right here in our state. So that all of our voices are heard and that all our votes are counted, Tribes and other must continue communicating and meeting with county election offices to carry out the voting rights laws so that all eligible voters have access to polls.

HOUSE JOURNAL
TWENTY-FIFTH LEGISLATIVE DAY - FEBRUARY 7, 2019

I have identified many challenges tonight, and there are more. The fight continues to protect our lands and waters from pipelines; to safeguard our health from the effects of climate change with its uniquely far-reaching and disproportionate impact to Native people; to retain our cultural identity; and to protect our cultural sites and the lands where we practice our traditional ways. From the Badger-Two Medicine in the northwest corner of the state and stretching east to the prairies, each tribe has sacred places threatened by industrial development. Tribes must have a meaningful role in protecting and managing their ancestral homelands.

It is imperative that our tribal governments are recognized at the same level as the state government and that we are adequately represented in all levels of government. The engagement of tribes at the Montana Legislative Session is an important part of a participatory government and Fort Belknap is honored to deliver the State Tribal Nations Address this year.

With collaboration and partnership, every challenge presents an opportunity. Indian people, like all people in Montana, are resilient. Our governing bodies will continue, as will yours, to provide and protect our people, our constituents, as best we can. We will continue to build bridges to work together on mutual issues, and find resolution to those we are not yet at agreement on.

The future looks bright across the Big Sky. Thank you.

(1) Within 72 hours after a vehicle is removed and held by or at the direction of the Montana highway patrol, the highway patrol shall notify the sheriff of the county or the chief of police of the city in which the vehicle is being stored of where and when the vehicle was taken into custody and of where the vehicle is being stored. In addition, the Montana highway patrol shall furnish the sheriff or the chief of police:

(2) The highway patrol shall notify the sheriff of the county or the chief of police of the city in which the vehicle was taken into custody of the location at which the vehicle is being stored if the vehicle was removed to a different county.

(3) The sheriff or the city police in the jurisdiction where the vehicle is being stored shall make reasonable efforts to ascertain the name and address of the owner, lienholder, or person entitled to possession of the vehicle taken into custody under 61-12-401. If a name and address

are ascertained, the sheriff or the city police shall notify the owner, lienholder, or person of the location of the vehicle.

(4) If the vehicle is registered in the office of the department, notice is considered to have been given when a certified letter addressed to the registered owner of the vehicle and lienholder, if any, at the latest address shown by the records in the office of the department, return receipt requested and postage prepaid, is mailed at least 30 days before the vehicle is sold.

(5) If the identity of the last-registered owner cannot be determined, if the registration does not contain an address for the owner, or if it is impossible to determine with reasonable certainty the identity and addresses of all lienholders, notice by one publication in one newspaper of general circulation in the county where the motor vehicle is being stored is sufficient to meet all requirements of notice pursuant to this part. The notice by publication may contain multiple listings of abandoned vehicles. The notice must be provided in the same manner as prescribed in 25-13-701(1)(b).

(6) If the abandoned vehicle is in the possession of a motor vehicle wrecking facility licensed under 75-10-511, the wrecking facility may make the required search to ascertain the name and address of the owner, lienholder, or person entitled to possession of the vehicle and shall give the notices required in subsections (3) through (5). The wrecking facility shall deliver to the sheriff or the city police a certificate describing the efforts made to ascertain the name and address of the owner, lienholder, or person entitled to possession of the vehicle and shall deliver to the sheriff or the city police proof of the notice given.

(7) (a) (i) A vehicle found by law enforcement officials to be a junk vehicle, as defined by in 75-10-501, and that has a value of \$500 or less may be directly submitted for disposal in accordance with the provisions of Title 75, chapter 10, part 5, upon a release given by the sheriff or the city police. The county representative designated to implement the county motor vehicle recycling and disposal program pursuant to 75-10-521 for the county where the vehicle is being stored shall determine the value of the vehicle. In the release, the sheriff or the city police shall include a description of the vehicle, including year, make, model, serial number, and license number if available. If the vehicle is being stored by a motor vehicle wrecking facility, the sheriff or the city police shall transmit the release to the motor vehicle wrecking facility and the facility shall consider the release to meet the requirements for records under 61-3-225 and 75-10-512. If the vehicle is being stored by a qualified tow truck operator, as defined in 61-8-903, the sheriff or the city police shall transmit the release to the operator. Vehicles described in this section may be submitted for disposal without notice and without a required holding period.

(ii) A junk nonmotorized vehicle, as defined in 75-10-501, may be submitted for disposal as provided in this subsection (7)(a) pursuant to the same provisions as a junk vehicle if the county has agreed to accept junk nonmotorized vehicles for disposal pursuant to 75-10-521(10).

(b) A licensed vehicle that otherwise meets the definition of a junk vehicle, as defined in 75-10-501, and that has a value of \$500 or less may be directly submitted for disposal as provided in subsection (7)(a)."

State Capitol

Roll Call. All members present. Quorum present.

SPECIAL ORDERS OF THE DAY

Speaker Hertz moved the House revert to Order of Business #11, Special Orders of the Day, for the purpose of receiving the State of Education Address by Superintendent of Public Instruction, Elsie Arntzen. Motion carried.

Majority Leader Tschida moved Speaker Hertz be authorized to appoint a Committee of two members to escort Superintendent Arntzen into the House Chamber. Motion carried.

Speaker Hertz appointed Representative Berglee and Representative Keogh. The Committee was discharged.

Sergeant-at-Arms Murfitt notified Speaker Hertz the Superintendent of Public Instruction, Elsie Arntzen awaited entrance into the House Chamber.

The Committee escorted Superintendent Arntzen into the Chamber.

Speaker Hertz introduced the Honorable Elsie Arntzen, Superintendent of Public Instruction. Superintendent Arntzen gave the following remarks:

Thank you, Mr. Speaker, and Members and guests of the Montana House. It is my honor to be able to serve as Montana's State Superintendent of Public Instruction.

I am grateful for the dedicated staff at the Office of Public Instruction, whose heartfelt mission is to serve our Montana public schools.

Thank you to my fellow elected officials and colleagues for being here today, and to the most important person in the room, my high school sweetheart and husband, Steven. He's stuck with me through 23 years of teaching, six legislative sessions, seven campaigns, and, so far, this job. That's commitment.

Join me in recognizing all of the dedicated teachers across Montana for their service to students. Today is Public Education Advocacy Day and you will see many of Montana's wonderful educators around our capitol and in your hearing rooms. Please join me in giving Montana's teachers a round of appreciative applause.

HOUSE JOURNAL
TWENTY-EIGHTH LEGISLATIVE DAY - FEBRUARY 11, 2019

Montana's 2019 Teacher of the Year is Mr. Dylan Huisken. He sends his very best today and is unable to be here in person, as he is where he wants to be, teaching his middle school students in Bonner. He is creating amazing opportunities for his students through innovative approaches to teaching, especially in the area of Indian Education for All. Help me recognize Montana's Teacher of the Year, Mr. Dylan Huisken

My mother and father were public school teachers in Billings. I am a product of Montana's public schools as are my daughters and grandchildren. I received an Economics Degree from the University of Montana, but education was my calling, and I returned to school to earn an Education Degree from Montana State. I was blessed to teach for 23 years in Billings Public Schools. It is my lifelong connection with our students and schools that drives me each and every day to serve with passion.

All means all. The federal Every Student Succeeds Act which replaced No Child Left Behind is being successfully implemented in Montana. For example, state and school report cards will be issued this spring to give families and communities transparent data on how their students are performing.

Together, in just two years, we have achieved a great deal for Montana's students, but there is still much to be done to ensure that every Montana student has the opportunity to succeed.

I have directed the Office of Public Instruction to serve students and educators under the banner of four initiatives. The initiatives are Montana Hope, Montana Teach, Montana Learn, and Montana Ready.

Montana Hope is the whole-child approach to education. It encompasses mental health, suicide prevention, and school safety. Without this fundamental groundwork, student learning cannot occur. Representatives Dunwell and Pierson are leading efforts to provide teachers with tools related to mental health. Representative Grubbs and Senator Salomon have introduced measures for flexibility in school budgets around safety.

Montana Teach is aimed at growing the teaching profession not just in numbers, but having a high-quality educator in front of every student. Thank you for your work last session on National Board Certified Teacher stipends. This session, Senator McClafferty is supporting the Montana Quality Educator Student Loan Assistance Program. I also appreciate Senator Lang recognizing recruitment and retention challenges, not just in rural Montana, but across the state.

Montana Learn is designed to close achievement gaps and create individualized learning opportunities that allow students to grow academically. Many pieces of legislation have been introduced to promote these goals and I want to thank the sponsors in this body: Representatives McKamey, Jones, Anderson, Windy Boy, and others.

Montana Ready is the result of the precious investment in a student's elementary and secondary education. I appreciate Representative Vinton for her emphasis on career technical education in middle school and Representative Bedey for understanding this is a state-wide issue, not just an individual school issue.

HOUSE JOURNAL
TWENTY-EIGHTH LEGISLATIVE DAY - FEBRUARY 11, 2019

Students in Browning are graduating high school certified to begin high-paying careers in welding, students in Kalispell are building houses and raising agriculture products to sell within their community, students in Missoula are gaining International Baccalaureates, students in Billings are joining the Youth Entrepreneurs program through the Career Center, and more schools than ever before are connected to high-speed internet allowing for individualized coursework. These are just some of the countless opportunities that students across Montana are taking advantage of.

You have my promise that we will continue to promote and grow these opportunities to make students Montana Ready. Ready for success for the rest of their life.

On the first day of this session I hosted a school safety panel to showcase the diverse approaches that Montana schools are taking to protect our students. Student safety has been my number one policy priority this legislative session. It is a challenging topic, and it weighs heavy in all of our hearts and minds. I want to thank this body for making student safety a priority as well.

Senator Regier is championing the Student Safety Accountability Act. This recognizes that students are a protected class and cannot consent to sexual relationships with school officials as they are in positions of trust and authority over them. This is targeted, common-sense legislation. I am grateful to Representative Morigeau, Representative Ricci, Senator Bogner, and all of you who are making student safety a priority this session. Montana must remove predators from our schools.

We are also seeking professional development opportunities for educators focused on school safety. A federal STOP School Violence Act grant was awarded to Montana and provides new opportunities for professional development focused on school safety for our Montana teachers. The Department of Homeland Security also provided the OPI with funds to assist schools in creating emergency preparedness plans.

You have my promise that the knowledgeable health and safety experts at the Office of Public Instruction will continue helping you, our schools, families, and communities address the full range of support that Montana's children need.

I want to shift gears now to how we are teaching students, how students are learning, and how we are preparing them to be ready for careers or college after graduation. In 2018, Montana celebrated our highest graduation rates in recent history, including for our American Indian students. However, gaps continue to exist. We can, and we must, reexamine what an education looks like for each individual student.

I have weekly meetings with the American Indian legislators through our Tribal Education Caucus to address challenges to education on our reservations.

Please join me in Room 335 this Thursday morning at 7am for our education caucus, as we will be discussing mental health awareness and suicide prevention.

I want to thank you for your commitment to improving outcomes for our students. All Montana students must have the opportunity to succeed.

HOUSE JOURNAL
TWENTY-EIGHTH LEGISLATIVE DAY - FEBRUARY 11, 2019

I am committed to developing strong relationships with Montana's teacher preparation programs through the leadership of the Board of Regents, and working with the Board of Public Education to provide flexibility to educators, as they work toward licensure or certification.

I am committed to great government cooperation with ongoing discussions with the Department of Labor, Department of Health, Department of Corrections, and our Military to promote solutions. I have begun to build strong public-private partnerships with many of Montana's businesses and industries to prepare our students in the path to be career, college, and community ready.

There is much to celebrate in Montana education and the future of education is strong. Yet, we still have much to do to prepare the next generation of Montana leaders for success. This legislative body plays a significant role.

I am requesting that you give Montana students the largest ever appropriation for K-12 BASE Aid funding: 70 million dollars. 70 million dollars which will provide our local school boards with stability as they begin budgeting for their next class of students. 70 million dollars that will provide for the quality education that Montana families and Montana students deserve.

I am urging your support for the restoration of our Career and Technical Education, our Gifted & Talented Education, and for our most at-risk Special Education students, as well as all of the other programs that were cut in prior legislation sessions.

I attended the appropriations hearing for HB 3 recently in support of Scobey's public schools. Representative Hopkins made a statement that his mother told him, that is very fitting here, "if you are going to play with something that isn't yours, be sure you put it back."

A promise is a promise. Restore state responsibility to fund our schools.

Under my leadership at the Office of Public Instruction, we have accomplished much more with less. We have reduced our footprint of 4 buildings to 3. We have reorganized for efficiencies. As a result, more resources are directly serving our schools and students in our communities.

Like you, I have much homework to do in the coming biennium. As you return to serve in your communities, the homework that I give you is to continue in the commitment of putting Montana students first.

Thank you.

Speaker Hertz thanked Superintendent Arntzen for her remarks and directed the Committee escort the Superintendent from the Chamber.

Sergeant-at-Arms Murfitt escorted the guests from the Chamber.

Speaker Hertz called the House back to order.

House Chambers
State Capitol

House convened at 1:00 p.m. Mr. Speaker presiding. Invocation by Representative Hayman. Pledge of Allegiance to the Flag.

Roll Call. All members present, except Representative Mortensen, absent. Quorum present.

SPECIAL ORDERS OF THE DAY

Speaker Hertz moved the House revert to Order of Business #11, Special Orders of the Day, for the purpose of receiving a proclamation.

Sergeant-at-Arms Murfitt escorted the 2019 Youth of the Year into the Chamber.

Speaker Hertz addressed the House:

I am honored today to present a joint proclamation of the Montana Legislature honoring the Boys and Girls Club 2019 Youth of the Year:

A JOINT PROCLAMATION OF THE MONTANA LEGISLATURE

Whereas, There are Boys & Girls Clubs in 17 communities in the State of Montana providing services to over 13,000 youth each year, including Malmstrom Air Force Base and Native American Reservations; and

Whereas, Since opening doors for the first time on February 4, 1971, the Boys and Girls Clubs of Montana strive to enable all young people, especially those in the most need, to realize their full potential as productive, caring and responsible citizens; and

Whereas, Since 1947, Youth of the Year has been Boys and Girls Clubs of America's premier recognition program, celebrating the achievements of club members. Each year, one exceptional club member is selected to be the National Youth of the Year. The National Youth of the Year serves as both an exemplary ambassador for Boys and Girls Club youth, and as a strong voice for all our nation's young people; and

Whereas, Being named Youth of the Year is the highest honor a Boys and Girls Club member can receive. The journey to being named National Youth of the Year begins locally and progresses to the state, regional and national levels. To achieve the title of Youth of the Year on any level, club members must embody the values of: leadership and service, academic excellence, and healthy lifestyles. They should exemplify the critical impact that Boys and Girls Clubs have on the lives of young people.

HOUSE JOURNAL
THIRTY-FIFTH LEGISLATIVE DAY - FEBRUARY 19, 2019

Whereas, It is fitting that our outstanding young people and the organizations that support them are recognized for making Montana a better place. In 2019, we honor the following young persons who have made an indelible impression on their communities, Montana Youths of the Year:

Madison Affolder

Boys & Girls Club of Lewistown, Lewistown, MT

Mikaela Choriki

Boys & Girls Club of Yellowstone County, Billings, MT

Ayden Diaz

Boys & Girls Club of the Flathead Reservation and Lake County, Pablo, MT

Anthony Harris

Malmstrom AFB Youth Program, Great Falls, MT

Shelby Jones

Boys & Girls Club of the Hi-Line, Malta, MT

Melani Morales

Boys & Girls Club of Richland County, Sidney, MT

Therefore, be it resolved that the Legislature of the State of Montana recognizes and commends the Boys and Girls Clubs of Montana, and congratulates the young people who have been named Youths of the Year. We thank all the people involved who have contributed selflessly to their communities, served as role models, and committed themselves to doing more for our state. We extend to the awardees our best wishes for success, and hope the Boys and Girls Clubs continue their fine work shaping the lives of thousands of young Montanans every day.

Sergeant-at-Arms Murfitt escorted the honored guests from the House Chamber.

Speaker Hertz introduced Katie Ross, Montana's representative for Children's Miracle Network hospitals and ambassador for the 18 million children treated each year.

Representative Redfield escorted Ms. Ross into the Chamber and addressed the House.

A Proclamation of the Montana Legislature Commending and Recognizing Katie Ross

Katie Ross, a 17 year-old Gardiner girl, has been treated at Shodair Children's Hospital. Her enthusiasm, determination, and spirit have sustained her and her family throughout significant health challenges resulting from a rare genetic condition.

Whereas, Shodair Children's Hospital is Montana's Children's Miracle Network Hospital. The Children's Miracle Network Hospitals, the international alliance of premier children's hospitals in the United States and abroad, spotlights the heroic battles of children like Katie with varied

illnesses and health challenges; and

Whereas, Katie Ross will represent Montana in the Children's Miracle Network Hospital's program honoring remarkable children who have encountered severe medical conditions and have endured to inspire others; and

Whereas, Katie has a rare genetic condition, only experienced by less than 100 people worldwide, yet even rarer is her determination and indomitable spirit to live as an active and vibrant 17-year-old Montanan despite her health challenges;

Whereas, Katie has been selected for her courage, tenacity and perseverance as the sole representative of children's genetic conditions in Montana, and an ambassador for the 18 million children treated each year at Children's Miracle Network Hospitals.

Therefore, be it resolved by the 66th Montana legislature that the members of this body honor Katie Ross for her spirit and inspiration in the face of significant medical challenges, and convey to her their sincere wishes for memorable experiences during her year as Montana's Champion.

Representative Redfield escorted Ms. Ross from the Chamber.

HOUSE JOURNAL
THIRTY-NINTH LEGISLATIVE DAY - FEBRUARY 23, 2019

Minority Leader Schreiner rose on **Point of Personal Privilege** and made the following statement: "Earlier in the debate, and I appreciate the tenor of the debate throughout this session, there was a story that was told about an individual who is on their fifth DUI. In this story, the race of that individual was mentioned which did not play a part in the rest of the story. I would hope that this body would be more sensitive in the future about only including the information that pertains to it, and understand that what you say is not what you say, it is how it lands on others and let's just live with decorum."

The Honorable Scott Sales
President of the Senate
State Capitol
Helena, Montana 59620

HOUSE JOURNAL
FORTY-THIRD LEGISLATIVE DAY - FEBRUARY 28, 2019

Dear Speaker Hertz and President Sales:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 90 (HB 90), "AN ACT GENERALLY REVISING SECURITIES REGULATORY LAWS; CLARIFYING EXEMPT TRANSACTIONS; REVISING THE DEFINITION OF 'PYRAMID PROMOTIONAL SCHEME' TO INCLUDE PAYMENT OF ANYTHING OF VALUE; REMOVING FILING AND NOTICE BY MULTILEVEL MARKETERS; AMENDING SECTIONS 30-10-105, 30-10-303, AND 30-10-324, MCA; REPEALING SECTION 30-10-327, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE."

HB 90 is intended to strengthen Montana's securities fraud statutes to better prosecute Ponzi schemes. However, during the legislative process an amendment was added that takes away sunshine and accountability from pyramid schemes operating in Montana. That amendment would repeal a relatively new consumer protection law, § 30-10-327, MCA, that gives regulators another tool to protect Montanans from pyramid schemes.

In 2015, I signed HB 554 that enacted § 30-10-327, MCA. HB 90, as it currently written, attempts to repeal that law. Current law provides more transparency and consumer protection for Montanans who may fall victim to pyramid schemes masquerading as multi-level marketing companies. The law simply requires certain multi-level marketing companies operating in the state to tell the State Auditor they are doing business in Montana. This is one more tool in the toolbox for regulators to go after bad actors who take advantage of Montanan's trusting nature. We should be enhancing laws to protect consumers, not taking them away.

For these reasons, I respectfully ask for your support of this amendment.

Sincerely,
STEVE BULLOCK
Governor

HOUSE JOURNAL
FIFTY-NINTH LEGISLATIVE DAY - MARCH 22, 2019

March 21, 2019

The Honorable Greg Hertz
Speaker of the House
State Capitol
Helena, Montana 59620

The Honorable Scott Sales
President of the Senate
State Capitol
Helena, Montana 59620

Dear Speaker Hertz and President Sales:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 74 (HB 74), "AN ACT GENERALLY REVISING LAWS RELATED TO REMEDIES THAT MAY BE SOUGHT BY THE MONTANA STATE AUDITOR; CLARIFYING REMEDIES REGARDING PRIVATE RIGHTS OF ACTION; ALLOWING RESTITUTION FOR INSURANCE CONSUMERS; AMENDING SECTIONS 33-1-317, 33-1-1211, 33-1-1302, 33-17-502, 33-17-1001, 33-18-233, 33-19-405, 33-20-805, 33-20-806, 33-22-115, AND 33-38-108, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE."

HB 74 clarifies that the Commissioner of Securities and Insurance (Commissioner) can seek and order restitution for victims of misconduct by insurance companies. Restitution deters bad conduct and is an important tool for helping consumers recover. I am pleased that HB 74 clarifies that the Commissioner has this authority.

It is important to remember, however, that restitution may not be the only remedy available to consumers harmed by an insurance company. And a consumer may pursue these other remedies on their own-without the assistance of a state agency. To protect consumers, the law must be clear that when the Commissioner orders restitution, the Commissioner does not-and may not-waive a consumer's other remedies under the law.

Accordingly, I hereby return the bill with a short amendment to clarify that the Commissioner may not waive a consumer's right to other remedies when ordering restitution.

This amendment will codify what is already the Commissioner's current practice around restitution orders. It will ensure that future consumers wronged by misconduct cannot have a government agency bargain away their legal rights. I believe that this amendment is a common-sense measure that promotes private rights, limits government power over those private rights, and protects consumers. We should do everything we can to ensure that Montanans enjoy a fair playing field when it comes to insurance products. I believe this amendment improves a good bill to do just that.

HOUSE JOURNAL
FIFTY-NINTH LEGISLATIVE DAY - MARCH 22, 2019

I respectfully ask for your support of this amendment.

Sincerely,

STEVE BULLOCK
Governor

GOVERNOR'S AMENDMENTS
TO HOUSE BILL 74
Report No. 001, March 18, 2019

1. Page 2.

Following: line 5

Insert: "(d) In pursuing restitution or other relief under this section for the benefit of a person who has sustained a loss resulting from a violation of this title, the commissioner may not include as part of any release or consent agreement any term that includes a waiver of the person's right to any other civil remedies."

March 21, 2019

The Honorable Greg Hertz
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Speaker Hertz:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 112 (HB 112), "AN ACT REVISING REQUIREMENTS FOR IMPORTATION OF ANIMALS, ANIMAL SEMEN, AND ANIMAL BIOLOGICS; CLARIFYING DOCUMENTATION OR PERMIT REQUIREMENTS FOR ANIMAL MOVEMENT; REPEALING REGULATIONS FOR SEMEN USED IN ARTIFICIAL INSEMINATION; AMENDING SECTION 81-2-703, MCA; AND REPEALING SECTIONS 81-2-401, 81-2-402, AND 81-2-403, MCA."

House Bill 112 (HB 112) streamlines several aspects of the Department of Livestock's requirements for importation of animals, animal semen, and animal biologics-such as vaccines and certain treatments. These changes will grant the Department flexibility to focus on only those areas that pose animal health risks. I support these changes to streamline importation requirements in accordance with modern systems and established animal health criteria.

During the legislative process, several concerns were raised regarding the potential for provisions of this bill to impact established efforts to quarantine Yellowstone National Park bison entering the state of Montana through migration. I believe that Montana Code must be as clear as possible that HB112 does not affect those efforts.

HOUSE JOURNAL
FIFTY-NINTH LEGISLATIVE DAY - MARCH 22, 2019

Accordingly, I return HB112 with one technical amendment to clarify beyond any doubt that its provisions only apply to animals, semen, and biologics imported into Montana-not to animals like Yellowstone bison that migrate by hoof. Presently, animals that enter the state through migration originating in Yellowstone National Park are addressed in MCA 81- 2-120. This technical amendment will clarify that HB 112 does not further restrict the importation of diseased animals beyond the authority that already exists in MCA 81-2-703.

I greatly appreciate the Legislature's efforts to streamline the Department's requirements, and I respectfully ask for your support of these amendments.

Sincerely,

STEVE BULLOCK
Governor

SIXTY-FOURTH LEGISLATIVE DAY - MARCH 28, 2019

(1) (a) "Claim" means any claim against a governmental entity, for money damages only, that any person is legally entitled to recover as damages because of personal injury or property damage caused by a negligent or wrongful act or omission committed by any employee of the governmental entity while acting within the scope of employment, under circumstances where the governmental entity, if a private person, would be liable to the claimant for the damages under the laws of the state. For purposes of this section and the limit of liability contained in 2-9-108, all claims that arise or derive from personal injury to or death of a single person, or damage to property of a person, regardless of the number of persons or entities claiming damages, are considered one claim.

(b) Employment-related claims, including but not limited to employment discrimination and sexual harassment, and other claims against the state that may not be tort claims are included in this definition.

(c) Claims against a government entity that arise from alleged acts that occurred within or outside of an employee's scope of employment are included in this definition.

(3) "Governmental entity" means the state and political subdivisions.

(4) "Personal injury" means any injury resulting from libel, slander, malicious prosecution, or false arrest and any bodily injury, sickness, disease, or death sustained by any person and caused by an occurrence for which the state may be held liable.

(5) "Political subdivision" means any county, city, municipal corporation, school district, special improvement or taxing district, other political subdivision or public corporation, or any entity created by agreement between two or more political subdivisions.

(6) "Property damage" means injury or destruction to tangible property, including loss of use of the property, caused by an occurrence for which the state may be held liable.

Following: line 9

"82-4-338. Performance bond. (1) (a) An applicant for an exploration license or operating permit shall file with the department a bond payable to the state of Montana with surety satisfactory to the department in the sum to be determined by the department of not less than \$200 for each acre or fraction of an acre of the disturbed land, conditioned upon the faithful performance of the requirements of this part, the rules of the board, and the permit. In lieu of a bond, the applicant may file with the department a cash deposit, an assignment of a certificate of deposit, an irrevocable letter of credit, or other surety acceptable to the department. The bond may not be less than the estimated cost to the state to ensure compliance with Title 75, chapters 2 and 5, this part, the rules, and the permit, including the potential cost of department management, operation, and maintenance of the site upon temporary or permanent operator insolvency or abandonment, during a suspension authorized pursuant to 82-4-341(8)(b)(ii) or until full bond liquidation can be effected.

(b) A public or governmental agency may not be required to post a bond under the provisions of this part.

(c) A blanket performance bond covering two or more operations may be accepted by the department. A blanket bond must adequately secure the estimated total number of acres of

HOUSE JOURNAL
SIXTY-FOURTH LEGISLATIVE DAY - MARCH 28, 2019

disturbed land.

(d) (i) For an exploration license or operating permit authorizing activities on federal land within the state, the department may accept a bond payable to the state of Montana and the federal agency administering the land. The bond must provide at least the same amount of financial guarantee as required by this part.

(ii) The bond must provide that the department may forfeit the bond without the concurrence of the federal land management agency. The bond may provide that the federal land management agency may forfeit the bond without the concurrence of the department. Upon forfeiture by either agency, the bond must be payable to the department and may also be payable to the federal land management agency. If the bond is payable to the department and the federal land management agency, the department, before accepting the bond, shall enter into an agreement or memorandum of understanding with the federal land management agency providing for administration of the bond funds in a manner that will allow the department to provide for compliance with the requirements of this part, the rules adopted under this part, and the permit.

(iii) The department may not enter into an agreement or memorandum of understanding with a federal land management agency that would require the department to impose requirements on an operator that are more stringent than state law and rules.

(2) (a) The department may calculate one or more reclamation plan components within its jurisdiction with the assistance of one or more third-party contractors selected jointly by the department and the applicant and compensated by the applicant when, based on relevant past experience, the department determines that additional expertise is necessary to calculate the bond amount for reclamation plan components. The department may contract for assistance pursuant to this subsection in determining bond amounts for the initial bond and for any subsequent bond review and adjustment. The mine owner is responsible for the first \$5,000 in contractor services provided under this subsection. The mine owner and the department are each responsible for 50% of any amount over \$5,000.

(b) To select a third-party contractor as authorized in subsection (2)(a), the department shall prepare a list of no fewer than four contractors acceptable to the department and shall provide the applicant with a copy of the list. The applicant shall provide the department with a list of at least 50% of the contractors from the department's list. The department shall select its contractor from the list provided by the applicant.

(3) (a) The department shall conduct an overview of the amount of each bond annually and shall conduct a comprehensive bond review at least every 5 years. The department may conduct additional comprehensive bond reviews if, after modification of a reclamation or operation plan, an annual overview, or an inspection of the permit area, the department determines that an increase of the bond level may be necessary. The department shall consult with the licensee or permittee if a review indicates that the bond level should be adjusted. When determined by the department that the set bonding level of a permit or license does not represent the present costs of compliance with this part, the rules, and the permit, the department shall modify the bonding requirements of that permit or license. The licensee or permittee must have 60 days to negotiate the preliminary bond determination with the department, at the end of which time period the department shall issue the proposed bond determination. The department shall give the licensee or permittee a copy of the bond calculations that form the basis for the proposed bond determination and, for operating permits, publish notice of the proposed bond determination in a newspaper of general circulation in the county in which the operation is located. The department shall issue a final bond determination in 30 days. Unless the licensee or permittee requests a hearing under subsection

HOUSE JOURNAL
SIXTY-FOURTH LEGISLATIVE DAY - MARCH 28, 2019

(3)(b), the licensee or permittee shall post bond with the department in the amount represented by the final bond determination no later than 30 days after issuance of the final bond determination. If the licensee or permittee demonstrates that, through the exercise of reasonable diligence, the licensee or permittee will not be able to post the bond within 30 days, the department shall grant a 30-day extension of the deadline.

(b) The permittee or any person with an interest that may be adversely affected may obtain a contested case hearing before the board under the provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, on the final bond determination by filing with the department, within 30 days of the issuance of the final bond determination, a written request for hearing stating the reason for the request. The request for hearing must specify the amount of bond increase, if any, that the licensee or permittee considers appropriate and state the reasons that the licensee or permittee considers the department's final bond determination to be excessive. As a condition precedent to any right to request a hearing, the licensee or permittee shall post bond with the department in the amount of the bond increase that the licensee or permittee has stated is appropriate in the request for hearing or the amount that is one-half of the increase contained in the department's final bond determination, whichever amount is greater. If the board determines that additional bond is necessary, the licensee or permittee shall post bond in the amount determined by the board within 30 days of receipt of the board's decision. If the licensee or permittee demonstrates that, through the exercise of reasonable diligence, the licensee or permittee will not be able to post the bond within 30 days, the department shall grant a reasonable extension of the deadline.

(c) If a licensee or permittee fails to post bond in accordance with subsection (3)(a) or (3)(b) in the required amounts by the required deadlines, the license or permit is suspended by operation of law and the licensee or permittee shall immediately cease mining and exploration operations until the required bond is posted with and approved by the department.

(4) A bond filed in accordance with the provisions of this part may not be released by the department until the provisions of this part, the rules adopted pursuant to this part, and the permit have been fulfilled.

(5) A bond filed for an operating permit obtained under 82-4-335 may not be released or decreased until the public has been provided an opportunity for a hearing and a hearing has been held if requested. The department shall provide reasonable statewide and local notice of the opportunity for a hearing, including but not limited to publishing the notice in newspapers of general daily circulation.

(6) Except as provided in subsection (7), all bonds required in accordance with the provisions of this section must be based upon reasonably foreseeable activities that the applicant may conduct in order to comply with conditions of an operating permit or license. Bonds may be required only for anticipated activities as described in subsection (1). Only those activities that themselves or in conjunction with other activities have a reasonable possibility of occurring may be bonded. Bond calculations, including calculations for the initial bond or for subsequent bond reviews and adjustments, may not include amounts for any occurrence or contingency that is not a reasonably foreseeable result of any activity conducted by the applicant.

(7) (a) If the department determines, based on unanticipated circumstances that are discovered following the issuance of a mining permit, that a substantial and imminent danger to public health, public safety, or the environment exists or that there is a reasonable probability that a violation of water quality standards will occur, the department may require an operator to submit an amended reclamation plan to address the danger and to post a temporary bond to guarantee

HOUSE JOURNAL
SIXTY-FOURTH LEGISLATIVE DAY - MARCH 28, 2019

the performance of the amended portion of the reclamation plan. The temporary bond may only be required if the anticipated costs associated with the plan amendment would increase the total bond amount for the current plan by more than 10%, as determined in subsection (7)(b).

(b) (i) In determining the need for the temporary bond and the amount of the temporary bond under subsection (7)(a), the department shall select a third-party contractor in consultation with the operator pursuant to subsection (7)(b)(ii) to provide:

(A) a technical engineering analysis and report on the substantial and imminent danger to public health, public safety, or the environment identified in subsection (7)(a); and

(B) the estimated costs of addressing the potential danger in order to establish the amount of the temporary bond.

(ii) The department shall provide the operator with a list of at least four qualified third-party contractors. The operator shall select two qualified third-party contractors from that list. The department shall select its contractor from the list provided by the operator. The operator shall reimburse the department for the reasonable costs of the third-party contractor.

(c) An approved interim amended reclamation plan and interim bond must remain in effect until the earlier of:

(i) the date that a revised reclamation plan is approved pursuant to 82-4-337 and a permanent bond for the revised reclamation plan is submitted and accepted pursuant to this section; or

(ii) 2 years following the date of submission of a complete application pursuant to 82-4-337 to modify the reclamation plan provision or remedy the conditions that created the need to amend the reclamation plan unless the department approves or denies the complete application within 2 years of submission. The applicant may agree to an extension of this deadline.

(d) Except as provided in subsection (8), the process provided for in this subsection (7) is not subject to the provisions of Title 75, chapter 1.

(8) (a) In determining whether to require amendment of a reclamation plan under subsection (7)(a), the department shall prepare or require the permittee to prepare a written analysis of changes in the reclamation plan that may eliminate or mitigate to an acceptable level the environmental condition. The analysis must include an assessment of the effectiveness of the changes and any potential negative environmental impacts of the changes. The department shall prepare an environmental impact statement pursuant to Title 75, chapter 1, only if the department determines that the changes would not mitigate the condition to an acceptable level or may have potentially significant negative environmental impacts.

(b) If the department determines that preparation of an environmental impact statement is necessary, the permittee shall pay the department's costs pursuant to 75-1-205.

(9) At the applicant's discretion, bonding in addition to that required by this section may be posted. These unobligated bonds may, on the applicant's request, be applied to future bonds required by this section.

(10) (a) If the department determines that there exists at an area permitted or licensed under this part an imminent danger to public health, public safety, or the environment caused by a violation of this part, the rules adopted pursuant to this part, or the permit or license and if the permittee or licensee fails or refuses to expeditiously abate the danger, the department may immediately suspend the permit or license, enter the site, and abate the danger. The department may thereafter institute proceedings to revoke the license or permit, declare the permittee or licensee in default, and forfeit a portion of the bond, not to exceed \$150,000 or 10% of the bond, whichever is less, to be used to abate the danger. The department shall notify the surety of the

HOUSE JOURNAL
SIXTY-FOURTH LEGISLATIVE DAY - MARCH 28, 2019

forfeiture and the forfeiture amount by certified mail, and the surety shall pay the forfeiture amount to the department within 30 days of receipt of the notice. The department shall, as a condition of any termination of the suspension and revocation proceedings, require that the permittee or licensee reimburse the surety, with interest, for any amount paid to and expended by the department pursuant to this subsection (10) and for the actual cost of the surety's expenses in responding to the department's forfeiture demand.

(b) If the department is unable to permanently abate the imminent danger using the amount forfeited under subsection (10)(a), the department may forfeit additional amounts under the procedure provided in subsection (10)(a).

(c) The department shall return to the surety any money received from the surety pursuant to this subsection (10) and not used by the department to abate the imminent danger. The amount not returned to the surety must be credited to the surety and reduces the penal amount of the bond on a dollar-for-dollar basis.

(d) Any interest accrued on bond proceeds that is not required to abate the imminent danger determined in subsection (10)(a) must be returned to the surety, unless otherwise agreed to in writing by the surety.

(11) If a bond is terminated as a result of the action or inaction of a licensee or permittee or is canceled or otherwise terminated by the surety issuing the bond and the licensee or permittee fails to post a new bond for the entire amount of the terminated bond within 30 days following the notice of termination provided to the department, then the license or permit must be immediately suspended without further action by the department."

Insert: "NEW SECTION. Section 1. Optional levy for certain workers' compensation -- hearing -- definition. (1) A political subdivision that provides workers' compensation for firefighters under plan No. 1 may impose a mill levy to fund only the amount for the contribution due for payment for presumptive disease coverage that is in excess of the political subdivision's base contribution for workers' compensation for firefighters. The mill levy is not subject to 15-10-420(1) and is not subject to approval at an election under 15-10-425.

(2) The political subdivision shall provide notice of a public hearing and hold a public hearing prior to implementing a levy under this section.

(3) If a levy pursuant to this section is decreased or ceases to be levied, the revenue may not be combined with the revenue determined in 15-10-420(1)(a).

(4) For the purposes of this section, "political subdivision" means a county government, a municipal government, a consolidated government, or a local governmental fire agency under Title 7, chapter 33."

Insert: "**Section 2.** Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient

HOUSE JOURNAL
SIXTY-NINTH LEGISLATIVE DAY - APRIL 3, 2019

to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's newly taxable value, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

- (i) annexation of real property and improvements into a taxing unit;
- (ii) construction, expansion, or remodeling of improvements;
- (iii) transfer of property into a taxing unit;
- (iv) subdivision of real property; and
- (v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

- (i) a change in the boundary of a tax increment financing district;
- (ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or
- (iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was constructed, expanded, or remodeled property since the completion of the last reappraisal cycle is the current year market value of that property less the previous year market value of that property.

(d) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property under 15-6-134 or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

HOUSE JOURNAL
SIXTY-NINTH LEGISLATIVE DAY - APRIL 3, 2019

- (a) school district levies established in Title 20; or
- (b) a mill levy imposed for a newly created regional resource authority.
- (6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.
- (7) In determining the maximum number of mills in subsection (1)(a), the governmental entity:
 - (a) may increase the number of mills to account for a decrease in reimbursements; and
 - (b) may not increase the number of mills to account for a loss of tax base because of legislative action that is reimbursed under the provisions of 15-1-121(7).
- (8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-108, 20-9-331, 20-9-333, 20-9-360, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in tenths of mills. If the mill levy calculation does not result in an even tenth of a mill, then the calculation must be rounded up to the nearest tenth of a mill.
- (9) (a) The provisions of subsection (1) do not prevent or restrict:
 - (i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;
 - (ii) a levy to repay taxes paid under protest as provided in 15-1-402;
 - (iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326;
 - (iv) a levy for the support of a study commission under 7-3-184;
 - (v) a levy for the support of a newly established regional resource authority;
 - (vi) the portion that is the amount in excess of the base contribution of a governmental entity's property tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703;
 - (vii) a levy for reimbursing a county for costs incurred in transferring property records to an adjoining county under 7-2-2807 upon relocation of a county boundary; ~~or~~
 - (viii) a levy used to fund the sheriffs' retirement system under 19-7-404(2)(b); or
 - (ix) a levy used to fund the amount for the contribution due for payment for presumptive disease coverage under Title 39, chapter 71, that is in excess of the base workers' compensation contribution.
- (b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.
- (10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.
- (11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable value in a governmental unit.""

HOUSE JOURNAL
SEVENTY-SIXTH LEGISLATIVE DAY - APRIL 11, 2019

"85-2-310. Action on application for permit or change in appropriation right. (1) (a)

If the department proposes to deny an application for a permit or a change in appropriation right under 85-2-307, unless the applicant withdraws the application, the department shall hold a hearing pursuant to 2-4-604 after serving notice of the hearing by first-class mail upon the applicant for the applicant to show cause by a preponderance of the evidence as to why the permit or change in appropriation right should not be denied.

(b) (i) Upon request from the applicant, the department shall appoint a hearing examiner who did not participate in the preliminary determination.

(ii) The applicant may make only one request pursuant to this subsection (1)(b) for a different hearing examiner.

(2) A proposal to grant a permit or change in appropriation right with or without conditions following a hearing on a proposal to deny the application must proceed as if the department proposed to grant the permit or change in appropriation right in its preliminary determination pursuant to 85-2-307.

(3) If valid objections are not received on an application or if valid objections are unconditionally withdrawn and the department preliminarily determined to grant the permit or change in appropriation right, the department shall grant the permit or change in appropriation right as proposed in the preliminary determination pursuant to 85-2-307.

(4) If valid objections to an application are received and withdrawn with conditions stipulated with the applicant and the department preliminarily determined to grant the permit or change in appropriation right, the department shall grant the permit or change in appropriation right subject to conditions as necessary to satisfy applicable criteria.

(5) The department shall deny or grant with or without conditions a permit under 85-2-311 or a change in appropriation right under 85-2-402 within 90 days after the administrative record is closed.

(6) If an application is to appropriate water with a point of diversion, conveyance, or place of use on national forest system lands, any application approved by the department is subject to any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of the water applied for and any terms, conditions, and limitations related to the use of water contained in any special use authorization required by federal law.

(7) (a) Except as provided in subsection (6), if the department proposes to grant a permit or change in appropriation right in modified form, the applicant must be given an opportunity to be heard. The addition of conditions or changes to conditions required for approval does not constitute a modification of the application.

(b) The department shall serve notice of a preliminary determination to grant a permit or change in appropriation right in a modified form by first-class mail upon the applicant, with a notice that the applicant may obtain a hearing pursuant to 2-4-604 to show cause by a preponderance of the evidence as to why the permit or change in appropriation right should not be preliminarily determined to be granted in the modified form by filing a request within 30 days after the notice is mailed. The notice must state that the permit or change in appropriation right will be preliminarily determined to be granted as modified unless a hearing is requested.

(8) The department may cease action upon an application for a permit or change in appropriation right and return it to the applicant when it finds that the application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use. An application returned for either of these reasons must be accompanied by a statement of the reasons for which

it was returned, and for a permit application there is not a right to a priority date based upon the filing of the application. Returning an application pursuant to this subsection is a final decision of the department.

(9) For all applications filed after July 1, 1973, the department shall find that an application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use if:

(a) an application is not corrected and completed as required by 85-2-302;

(b) the appropriate filing fee is not paid, including a stream gauge fee of \$10 for each application for a surface water appropriation;

(c) the application does not document:

(i) a beneficial use of water;

(ii) the proposed place of use of all water applied for;

(iii) for an appropriation of 4,000 acre-feet a year or more and 5.5 cubic feet per second or more, a detailed project plan describing when and how much water will be put to a beneficial use. The project plan must include a reasonable timeline for the completion of the project and the actual application of the water to a beneficial use.

(iv) for appropriations not covered in subsection (9)(c)(iii), a general project plan stating when and how much water will be put to a beneficial use; and

(v) except as provided in subsection (10), if the water applied for is to be appropriated above that which will be used solely by the applicant or if it will be marketed by the applicant to other users, information detailing:

(A) each person who will use the water and the amount of water each person will use;

(B) the proposed place of use of all water by each person;

(C) the nature of the relationship between the applicant and each person using the water;

and

(D) each firm contractual agreement for the specified amount of water for each person using the water; or

(d) the appropriate environmental impact statement costs or fees, if any, are not paid as required by 85-2-124.

April 10, 2019

The Honorable Greg Hertz
Speaker of the House
State Capitol
Helena, Montana 59620

The Honorable Scott Sales
President of the Senate
State Capitol
Helena, Montana 59620

Dear Speaker Hertz and President Sales:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 74 (HB 74), "AN ACT GENERALLY REVISING LAWS RELATED TO REMEDIES THAT MAY BE SOUGHT BY THE MONTANA STATE AUDITOR; CLARIFYING REMEDIES REGARDING PRIVATE RIGHTS OF ACTION; ALLOWING RESTITUTION FOR INSURANCE CONSUMERS; AMENDING SECTIONS 33-1-317, 33-1-1211,

HOUSE JOURNAL
SEVENTY-SIXTH LEGISLATIVE DAY - APRIL 11, 2019

33-1-1302, 33-17-502, 33-17-1001, 33-18-233, 33-19-405, 33-20-805, 33-20-806, 33-22-115, AND 33-38-108, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE."

HB 74 is an attempt to clarify the Commissioner of Securities and Insurance (Commissioner) authority to seek and order restitution for victims of misconduct by insurance companies. Restitution deters bad conduct and is an important tool for helping consumers recover.

Unfortunately, the bill stops short of providing Montana insurance consumers the complete protections they need. It is important to remember that restitution may not be the only remedy available to consumers harmed by an insurance company. A consumer may pursue these other remedies on their own, without the assistance of a state agency. To protect consumers, the law must be clear that when the Commissioner orders restitution, the Commissioner does not-and may not- waive a consumer's other remedies under the law.

I proposed this simple but critical amendment to protect Montana consumers, and it was rejected by the legislature. Without this protection, HB 74 creates a risk of harm by potentially limiting the remedies a consumer may seek. The Commissioner should not have the authority to waive a consumer's right to other remedies when ordering restitution.

For these reasons, I veto HB 74.

Sincerely,

STEVE BULLOCK
Governor

BEVERLY H. BARNHART

***WHEREAS**, it is with deep and sincere sorrow that the members of the Sixty-Sixth Legislative Assembly of the State of Montana record the passing of Beverly Barnhart on May 13, 2017 at the age of 87.*

***WHEREAS**, it is fitting and proper that the record and accomplishments of the late Beverly Barnhart be filed on the official records of this Assembly, and the following facts relative to her career are hereby noted.*

Beverly Barnhart was born on October 29, 1929 in Denver, the only daughter of Adeline Gray and John Henry Homyak. She had three brothers, Howard, John and Gene. Beverly saw the humor and absurdity in everyday life, and she shared her wonderful wit with everyone she met.

She earned an education degree at Northern Colorado University and in 1952 married Robert W. Barnhart. The Barnharts lived in many places including Denver, Helena, Phoenix, Seattle, San Francisco and then Bozeman where Beverly lived in the same house for 43 years. In 1976 she earned a masters' degree from Montana State University.

Volunteering for the Gallatin County Democratic Party in the late '80s led to her successful campaign for the Montana House of Representatives in 1990. She served as a State Representative for ten years, advocating for families, aging services, women, equality and public schools. In 2005 she was instrumental in creating the Poet Laureate Program.

Beverly loved her family and loved to be with them, laughing, eating meals and telling stories. They fondly recall her wide repertoire of songs, including "Mairzy Doats" and "Itsy Bitsy Spider." She recently began jotting down "Delightful Moments" she was having. Number 2 was Snow on the branches; Number 5, Big laughs at the table, and Number 9, Having an old-fashioned donut. Beverly is survived by her five children: Barbara (John Kjos), Bonnie (Bob Johnson), Betsy (Mike Jasper), Bruce (Laurie Cutler) and Becky (Nissa Hallquist); 10 grandchildren: Karl, Ryan, Megan, (Jacob), Nate, Wesley, Amy (Tim Krushensky), Breezy Cutler; 4 great-grandchildren: Francesca, Zoey, Max, Evey; and one great-great-grandchild, Reese.

JANET SUSAN BARTLETT

***WHEREAS**, it is with deep and sincere sorrow that the members of the Sixty-Sixth Legislative Assembly of the State of Montana record the passing of Susan Bartlett on September 11, 2017 in Helena at the age of 70.*

***WHEREAS**, it is fitting and proper that the record and accomplishments of the late Sue Bartlett be filed on the official records of this Assembly, and the following facts relative to her career are hereby noted.*

Sue Bartlett was born on July 4, 1947 in Billings. The youngest of three children born to Fred and Irene Bartlett, Sue graduated from Billings West High School in 1965. She received a full tuition scholarship to Washington University in St. Louis where she earned a degree in history.

She was involved in Montana's effort to ratify the Equal Rights Amendment. She was a board member of the Montana ERA Ratification Council, treasurer of the Montana Women's Lobby, and Chief of the Women's Bureau in the Montana Department of Labor.

In 1982 Sue was elected Clerk and Recorder of Lewis & Clark County where she modernized the office and improved services for county citizens. As the Clerk and Recorder, she also lobbied the legislature on issues important to the county. She served as the Assistant Secretary of the Senate in 1991 and then was elected to the Senate in 1992 where she continued her support for gender equality and reproductive freedom. After leaving the Senate she worked for the Montana ACLU, served on the Montana Tax Appeal Board, remained active in the women's movement and the Montana Democratic Party. Carol's List recently honored Sue by planting a tree on the Capitol grounds.

Sue was preceded in death by her parents, her grandparents, and her sister Peg. She is survived by her husband Eugene Fenderson; her brother Donn and his wife Dorothy, nieces and nephews; and Gene's children, grandchildren and great-grandchildren. She also leaves behind countless loving friends for whom she served as mentor, confidante, role model and muse.

ESTHER G. BENGTON

***WHEREAS**, it is with deep and sincere sorrow that the members of the Sixty-Sixth Legislative Assembly of the State of Montana record the passing of Esther Bengtson on January 3, 2019 at the age of 92.*

***WHEREAS**, it is fitting and proper that the record and accomplishments of the late Esther Bengtson be filed on the official records of this Assembly, and the following facts relative to her career are hereby noted.*

Esther Bengtson was born on October 30, 1927 to Goodwin and Elizabeth (Jorgenson) Bergh in Froid. She and her four sisters lived on a dry land farm during the Great Depression, and their lives were shaped by hard times. Esther held a deep reverence for the land and people of northeastern Montana and her Scandinavian heritage. Esther believed that each and every day was not to be wasted, to be idle was not acceptable; she saw this as both a blessing and a curse.

Esther graduated as valedictorian of Froid High School and graduated from the now-Montana State University-Billings. While teaching at a one-room schoolhouse near Froid, she met her future husband, Lawrence Bengtson, when he stopped to fix a flat tire for her. She and Larry were married on September 29, 1948 and were soon raising three “stair-step” blond daughters on their dry land farm near Froid. The family moved to Shepherd in 1960 where Esther taught for many years at Shepherd High School. In 2014 they moved to a retirement community in Billings. They had been married 67 years. Larry passed away in 2015.

In 1973 Esther was elected to the legislature, and she served from 1974-1984 in the House and from 1984-1992 in the Senate. During her legislative career she successfully sponsored legislation establishing the interstate highway logo signs indicating locations of tourist services.

Esther was preceded in death by her husband, her sisters and their husbands, a son-in-law, two nieces and a great granddaughter. She is survived by her three daughters, Kristianne, Monica and Jennifer and their spouses; five grandchildren, Stacy, Megan, Joshua, Evan, and Collin, and their spouses; ten great-grandchildren, Julia, Carly, Brady, Sydney, Kinley, Emery, Sophie, Maisy, Blaire and Jeff; and her sister Doris.

VIVIAN MORGAN BROOKE

***WHEREAS**, it is with deep and sincere sorrow that the members of the Sixty-Sixth Legislative Assembly of the State of Montana record the passing of Vivian Morgan Brooke on January 19, 2018 in Missoula at the age of 75.*

***WHEREAS**, it is fitting and proper that the record and accomplishments of the late Vivian Brooke be filed on the official records of this Assembly, and the following facts relative to her career are hereby noted.*

Born in New York City and raised in Florida, Vivian moved to Montana to study at Carroll College after working near Glacier National Park during high school. She received her bachelor's degree in sociology from Carroll, and in 1965 met Joe Brooke on the highway between Drummond and Garrison on a blind date. They were married October 15, 1966. They had four children, and Vivian led the family on many excursions from ski trips to showing her family the beauty of Glacier National Park.

Vivian was elected to the Montana House of Representatives in 1988, and she spent three sessions in the House and two sessions in the Senate. She took on tough issues, particularly issues related to women and gay rights. One of the accomplishments that Vivian was most proud of during her time in the legislature was to get a women's prison built in Billings.

Retirement from the legislature gave Vivian more time to enjoy her favorite places and to contribute to various projects in the community. She loved to go on long hikes, travel with friends and family, and enjoy her grandchildren. She applied her competitive spirit to life with a determination to win on the golf course, playing cards, and growing award-winning roses.

Vivian leaves behind her husband Joe, children Patricia, Monica and husband Kevin Scott, Susan and husband Aaron Thompson, Morgan and wife Joy; grandchildren Brooke, Biko, Tony, Maguire and Penelope; great granddaughter Mylah; and her sister Miriam.

AUBYN CURTISS

***WHEREAS**, it is with deep and sincere sorrow that the members of the Sixty-Sixth Legislative Assembly of the State of Montana record the passing of Aubyn Curtiss on August 9, 2017 at home in Fortine at the age of 92.*

***WHEREAS**, it is fitting and proper that the record and accomplishments of the late Aubyn Curtiss be filed on the official records of this Assembly, and the following facts relative to her career are hereby noted.*

Aubyn Curtiss was born in Park City, Montana, on July 1, 1925. The family moved to Fortine when their daughters were small. Aubyn graduated from Lincoln County High School and studied journalism at UCLA. While in Los Angeles she worked as a welder in the shipyards helping build “Liberty Ships” as part of the World War II effort. After the war she returned to Fortine and married David Curtiss, and the two built their home on Deep Creek near Fortine.

Aubyn loved Montana. After recovering from a series of illnesses in the early 1960s, Aubyn played a role in interviewing people who were being displaced by the building of the Libby Dam and Koocanusa Reservoir. Seeing the plight of people in the face of a taking by big government spurred her interest in politics. A lifelong Republican, Aubyn began her career in politics at the local level and moved into state politics by winning a seat in the state legislature in 1974. She served in both the House of Representatives and the State Senate. She was chairman of the state Republican party and, as a proud supporter of Ronald Reagan, met with him on numerous occasions. She served on the Presidential Scholars Commission under both President Reagan and President George H.W. Bush.

A very humble person with deep Christian beliefs, her style of government was to listen to people and represent their wishes. Her desire every day was to be a blessing to someone. She was the rock of her family and made a positive difference in the lives of many, many people.

She was preceded in death by her sister Rosalie, her husband David, and her son David. She is survived by her daughter Sue, her son Gareth, her grandchildren Patrick Nelson, David Curtiss III, Aubyn Bluette Curtiss, Heath Curtiss and Amber Curtiss and her great-granddaughters Rachel, Annalise and Harper.

DOROTHY ECK

***WHEREAS**, it is with deep and sincere sorrow that the members of the Sixty-Sixth Legislative Assembly of the State of Montana record the passing of Dorothy Eck at her home in Bozeman on September 23, 2017 at the age of 93.*

***WHEREAS**, it is fitting and proper that the record and accomplishments of the late Dorothy Eck be filed on the official records of this Assembly, and the following facts relative to her career are hereby noted.*

Born in 1924 in Sequim, Washington, to parents Ike and Peggy Fritz. Dorothy graduated from high school in Bremerton in 1941. In 1942 Dorothy married Hugo Eck of Anaconda, and they moved to Montana in 1946, when Hugo was hired to teach architecture at what is now Montana State University. While raising her two children she started college at MSU, earning bachelor's and master's degrees in sociology and psychology. She joined the new local chapter of the League of Women Voters and, when no one else wanted the job, became state president. In 1967 she started traveling to Helena as one of the state's first full-time citizen lobbyists.

Dorothy was elected as a delegate to the 1972 Constitutional Convention, and her influence on the Constitution was profound. She worked on the "right to know" and the "right to participate" rights. After the convention Dorothy and former First Lady Betty Babcock traveled the state to support statewide passage of the new constitution.

Dorothy served in the State Senate from 1980 to 2000, and she was a relentless advocate for education funding. Dorothy served on the Taxation, Natural Resources and Health committees. She was instrumental in restructuring the work of the Environmental Quality Council, and she chaired its Water Oversight Committee. After she retired from the legislature, she mentored legislators like Dorothy Bradley, Hal Harper, Mignon Waterman, and Sue Bartlett. Both Senator Max Baucus and Senator John Tester sought her advice.

Dorothy was preceded in death by her husband Hugo and her son Laurence. She is survived by her sister Carolyn Miller; her daughter Diana Eck and daughter-in-law Dorothy Austin; her grandchildren Bryan Eck, Amber Eck Duby; and four great-granddaughters: Shanoah and Tanner Eck, Jordyn and Kathryn Duby.

Roger was born on May 11, 1931 in Seattle. He was raised by his mother, an independent woman whom he considered one of his guardian angels. He graduated from West Seattle High School and the University of Washington. Directly after college he accepted an accounting position with Foley Brothers Construction, which built the Columbia Falls Aluminum Company.

He moved to Montana where he met Grace DeWit, and they were married on April 17, 1959. He was mayor of Columbia Falls from 1967 to 1971 and served in the Montana State Senate during the 1981 and 1983 sessions. Don's last will and testament says, "I wish to tell my wife, my sons, my daughters-in-law and my grandchildren that I have never known anyone who had a richer or fuller life than I had, no matter how long it shall continue from this day."

DURWARD C. “BUTCH” WADDILL

***WHEREAS**, it is with deep and sincere sorrow that the members of the Sixty-Sixth Legislative Assembly of the State of Montana record the passing of Durward C. “Butch” Waddill in Florence on October 9, 2018 at the age of 71.*

***WHEREAS**, it is fitting and proper that the record and accomplishments of the late Butch Waddill be filed on the official records of this Assembly, and the following facts relative to his career are hereby noted.*

Butch Waddill was born on November 20, 1946 in Battle Creek Michigan, and came to Montana in 1997. He graduated from Castro Valley High School in California and attended college in California and Colorado. He retired from the U.S. Marine Corps.

A fellow Marine remembers the day in November of 1967 that Butch Waddill saved five lives. “I was crying while I was flying,” said the pilot of the helicopter that lowered Marine Sgt. Waddill by cable into the deep canopy of a Vietnam jungle, with so much flak flying there seemed little hope he would come back up alive. Butch sent three wounded fellow Marines, a Navy corpsman and a South Vietnamese scout back up, which left no room for Butch. The pilot added, “The thing is, they couldn’t get themselves into the hoist. They were too injured. He tied them onto the hoist with his belt and their belts and whatever. If he hadn’t gone down there, every one of those guys would have died.”

Left alone in the jungle, Butch gathered up the rifles and radios and hoped that the helicopter would return for him before nightfall. It did. Butch, dragged through heavy underbrush for hundreds of yards, finally climbed into the chopper bloodied and injured. Over 47 years later Sen. Jon Tester pinned a Silver Star Medal on Butch Waddill.

Butch served during the 2001 session in the Montana House of Representatives.

Butch is survived by his wife Cathy and their four children: Jaclyn, Matt, Jean-Jacques and Cameron.

MIGNON WATERMAN

WHEREAS, it is with deep and sincere sorrow that the members of the Sixty-Sixth Legislative Assembly of the State of Montana record the passing of Mignon Waterman on April 6, 2017 at the age of 73.

WHEREAS, it is fitting and proper that the record and accomplishments of the late Mignon Waterman be filed on the official records of this Assembly, and the following facts relative to her career are hereby noted.

Mignon Redfield Waterman was born October 13, 1944 to Mable and Zell Redfield in Billings. She was the fifth child, joining three brothers and a sister. After graduating from Billings West High School in 1963, Mignon attended the University of Montana, where she met Ron Waterman. They were married in 1965 and worked as janitors while Ron completed law school. They moved back to Billings but after a year moved to Helena where Mignon became active in community affairs. Mignon and Ron were married for nearly 52 years.

She served on the Helena school board for 12 years, chaired the board, and served as president of the Montana School Boards Association. In 1989 Mignon was elected to the Montana Senate where she served for 12 years. She continued her focus on education and mental health issues, as well as the needs of senior citizens. A prized accomplishment was being appointed one of the first seven trustees and serving on the Montana Health Care Foundation until her death.

Mignon loved to cook and quilt. At the age of 15 she won the Montana State Cherry Pie contest. Family and friends felt blessed to receive her intricate and beautiful quilts in celebration of a wedding or newborn baby.

Mignon was preceded in death by her parents, Mable and Zell Redfield, her brothers Ron and Walt, and her niece Pat. She is survived by her husband Ron, her sons Briar of Seattle and Kyle of Kalispell, and their partners Teresa Goepfert and Steve Hunnell; grandchildren Elliot and Adelaide; brother Darrel Young of Great Falls, her sister Pearl Scott of Billings and numerous nieces and nephews.

SEVENTY-NINTH LEGISLATIVE DAY - APRIL 15, 2019

THOMAS FREDERICK ZOOK

***WHEREAS**, it is with deep and sincere sorrow that the members of the Sixty-Sixth Legislative Assembly of the State of Montana record the passing of Thomas Frederick Zook on January 23, 2018 in Billings at the age of 85.*

***WHEREAS**, it is fitting and proper that the record and accomplishments of the late Tom Zook be filed on the official records of this Assembly, and the following facts relative to his career are hereby noted.*

Tom Zook was born in Miles City on January 29, 1932 to Fritz and Maretta Zook. A rambunctious boy, he became ambidextrous after running his right arm through the wringer washing machine. He went to a one-room school and graduated from Custer County High School in 1950. He was captain of his football team and all-state at quarterback and linebacker. Known for a wicked curve ball, he was the leading pitcher in 1949 American Legion baseball.

After a stint in the Navy Tom returned to the ranch and married Isabel (Tootie) Cameron on April 15, 1958. The Zooks had seven children, and Tom was pleased when they all earned college degrees, something he did not have the opportunity to do. Having taught himself to play the guitar on a Gibson guitar given to him by his aunt and sister, he played at country dances; and his children remember going to sleep at night to the sounds of their dad's guitar.

From 1989 through 2003, Tom served eight sessions in the legislature. This was highlighted by serving as Chairman of both the House Appropriations Committee and the Senate Finance and Claims Committee. He was respected for his leadership, diplomacy and integrity.

Tom was preceded in death by his parents, sister Margaret, brother Johnnie, and grandson Zane Hauptman. His wife Tootie died recently. He is survived by his brother Bill and children Janet Hauptman, Fritz Zook, Laura Boyce, Jeannie Etchemendy, Audrey Lackman, Thelma Green and Andy Zook; his grandchildren Blake, Ben, Ross, Casey, Jessie, Clay, Elisa, Pierre, Ty, Todd, Joe, Kendall, T.J., Sage and Ian; and great-grandchildren Oliver, Lawrence and Charleslee.

And, recommend that **House Bill 684** (reference copy -- salmon) be amended as follows:

1. Title, page 1, line 13.

Following: "FACILITIES;"

Insert: "PROVIDING FUND TRANSFERS;"

2. Title, page 1, line 15.

Following: "3-1-711,"

Insert: "46-1-1104, 46-1-1211,"

3. Page 7.

Following: line 1

Insert: "Section 8. Section 46-1-1104, MCA, is amended to read:

"46-1-1104. Drug treatment court structure. (1) Each judicial district or court of limited jurisdiction may establish a drug treatment court under which drug offenders may be processed to address an identified substance abuse problem as a condition of pretrial release, pretrial diversion under 46-16-130, probation, incarceration, parole, or other release from a detention or correctional facility.

(2) Participation in drug treatment court is voluntary and is subject to the consent of the prosecutor, the defense attorney, and the court pursuant to a written agreement.

(3) A drug treatment court and governmental entities that refer an offender to a drug treatment court shall adopt an evidence-based program evaluation tool that measures how closely the drug treatment court programs meet the known principles of effective intervention. The tool must measure program content and capacity to ensure the delivery of effective interventions for offenders.

~~(3)~~(4) A drug treatment court may grant reasonable incentives under a written agreement if the court finds that a drug offender is performing satisfactorily in drug treatment court, is benefiting from education, treatment, and rehabilitation, has not engaged in criminal conduct, and has not violated the terms and conditions of the agreement. Reasonable incentives may include but are not limited to:

- (a) graduation certificates;
- (b) early graduation;
- (c) fee reduction or waiver of fees;
- (d) record expungement of the underlying case; or
- (e) reduced contact with a probation officer.

~~(4)~~(5) The court may impose reasonable sanctions under the agreement, including incarceration or termination from the drug treatment court, if the court finds that the drug offender is not performing satisfactorily in drug treatment court, is not benefiting from education, treatment, or rehabilitation, has engaged in conduct rendering the offender unsuitable for the program, has otherwise violated the terms and conditions of the agreement, or is for any reason unable to participate. Sanctions may include but are not limited to:

- (a) a short-term jail sentence;

- (b) fines;
- (c) extension of time in the program;
- (d) peer review;
- (e) geographical restrictions;
- (f) termination; or
- (g) contempt of court.

~~(5)~~(6) Upon successful completion of drug treatment court, a drug offender's case must be disposed of by the judge in the manner prescribed by the agreement and by the applicable policies and procedures adopted by the drug treatment court. This may include but is not limited to pretrial diversion under 46-16-130, dismissal of criminal charges, probation, deferred sentencing, suspended sentencing, or a reduced period of incarceration. A drug offender who successfully completes the program may be given credit for the time the offender served in the drug treatment program by the judge upon disposition.

~~(6)~~(7) Each local jurisdiction that intends to establish a drug treatment court or to continue the operation of an existing drug treatment court shall establish a local drug treatment court team.

~~(7)~~(8) The drug treatment court team shall, when practicable, conduct a staff meeting prior to each drug treatment court session to discuss and provide updated information regarding drug offenders. After determining the offender's progress or lack of progress, the court, with input from the drug treatment court team, shall determine the appropriate incentive or sanction to be applied.

~~(8)~~(9) The provisions of this part apply only to offenders who qualify for participation based on qualifications established by each drug treatment court. The provisions of this part do not apply to drug offenders who have been convicted of a sexual offense, as defined in 46-23-502. This part does not confer a right or expectation of a right to participate in a drug treatment court and does not obligate a drug treatment court to accept any offender. The establishment of a drug treatment court may not be construed as limiting the discretion of a prosecutor to act on any criminal case that the prosecutor considers advisable to prosecute. Each drug treatment court judge may establish rules and may make special orders and necessary rules that do not conflict with rules adopted by the Montana supreme court.

~~(9)~~(10) Each drug offender shall contribute to the cost of drug treatment court in accordance with 46-1-1112(2).

~~(10)~~(11) A drug treatment court coordinator is responsible for the general administration of a drug treatment court under the direction of the drug treatment court judge.

~~(11)~~(12) The supervising agency shall timely forward information to the drug treatment court concerning the drug offender's progress and compliance with any court-imposed terms and conditions.

~~(12)~~(13) A department of corrections probation and parole officer may participate in a drug treatment court team if authorized by the department. The department may authorize participation if it determines, in its discretion, that the caseloads of local probation and parole officers permit participation. If necessitated by a change in caseloads, the department may withdraw authorization for participation by its probation and parole officers in a drug treatment court. The department of corrections may not authorize its probation and parole officers to supervise a participant of a drug treatment court program who has not been convicted of a felony offense and committed to the supervision of the department.""

each jurisdiction shall establish a system to ensure that participants are placed into a clinically approved mental health treatment program. To accomplish this, the program conducting the individual assessment shall make specific recommendations to the mental health treatment court team regarding the type of treatment program and duration necessary so that a participant's individualized needs are addressed. The assessments and recommendations must be based upon evidence-based treatment principles. The mental health treatment court and governmental entities that refer an offender to a mental health treatment court shall adopt an evidence-based program evaluation tool that measures how closely the mental health treatment court programs meet the known principles of effective intervention. The tool must measure program content and capacity to ensure the delivery of effective interventions for offenders. Treatment recommendations accepted by the mental health treatment court pursuant to this part must be considered to be reasonable and necessary and be evidence-based or research-driven.

(2) An adequate continuum of care for participants must be established in response to this part.

(3) The mental health treatment court shall, when practicable, ensure that one agency may not provide both assessment and treatment services for the mental health treatment court to avoid potential conflicts of interest or the appearance that a diagnostic assessment agency might benefit by determining that a participant is in need of the particular form of treatment that the agency provides.

(4) A mental health treatment court making a referral for mental health services or substance abuse treatment shall refer the participant to a program that is licensed, certified, or approved by the court.

(5) The court shall determine which treatment programs are authorized to provide the recommended treatment to participants. The relationship between the treatment program and the court must be governed by a memorandum of understanding, which must include the timely reporting of the participant's progress or lack of progress to the mental health treatment court.""

HOUSE JOURNAL
EIGHTY-FIFTH LEGISLATIVE DAY - APRIL 23, 2019

April 18, 2019

The Honorable Greg Hertz
Speaker of the House
State Capitol
Helena, Montana 59620

The Honorable Scott Sales
President of the Senate
State Capitol
Helena, Montana 59620

Dear Speaker Hertz and President Sales:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby veto House Bill 238, **"AN ACT REVISING LAWS REGARDING PENALTIES FOR FALSELY REPORTING CRIMES; AND AMENDING SECTION 45-7-205, MCA"** for the following reasons.

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 238 (HB 238), "AN ACT REVISING LAWS REGARDING PENALTIES FOR FALSELY REPORTING CRIMES; AND AMENDING SECTION 45-7-205, MCA."

House Bill 238 makes it a felony offense to give false information to a peace officer concerning a crime that would be a felony. Under existing law, knowingly making a false report to a law enforcement officer concerning an alleged crime is a misdemeanor offense, carrying a maximum penalty of a \$500.00 fine or up to six months confinement in jail. House Bill 238 would increase the penalty for knowingly making a false report concerning a felony crime to up to four years in state prison or a fine of up to \$10,000.00, or both.

Victim advocates testified that rather than deter the false reporting of crimes, this bill would chill the reporting of actual crimes. Sexual and domestic violence crimes are already vastly under-reported for fear of reputational, legal and other repercussions. According to the Montana Coalition Against Domestic and Sexual Violence, rape is the most under-reported crime; over 60% of sexual assaults are not reported; and over 85% of child sexual abuse crimes go unreported.

House Bill 238 would make victims even less likely to step forward, and further contribute to serious crimes going unreported and unprosecuted. Montana law already has appropriate penalties for false reporting. Our criminal justice system would be better served by enacting policies to support victims of sexual and domestic violence, rather than creating additional barriers that deter victims from reporting.

For these reasons, I veto HB 238.

Sincerely,

STEVE BULLOCK
Governor

The Honorable Greg Hertz
Speaker of the House
State Capitol
Helena, Montana 59620

The Honorable Scott Sales
President of the Senate
State Capitol
Helena, Montana 59620

Dear Speaker Hertz and President Sales:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby veto House Bill 290, **"AN ACT REQUIRING APPLICANTS FOR THE SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM TO COOPERATE WITH THE STATE CHILD SUPPORT ENFORCEMENT PROGRAM; AND AMENDING SECTIONS 39-51-403, 39-51-2208, 39-71-118, 40-4-215, 45-6-312, 50-49-103, 53-2-108, 53-2-201, 53-2-211, 53-2-606, 53-2-901, 53-2-902, 53-2-903, 53-2-904, 53-3-115, 53-4-601, 53-4-602, 53-4-609, AND 53-4-704, MCA"** for the following reasons.

House Bill 290 would require the Department of Public Health and Human Services (DPHHS) to deny food assistance to low-income families unless child support payments were first sought by families in need. Over 38,000 Montana children live in food insecure homes. Montana families across the state rely on the Supplemental Nutrition Assistance Program (SNAP) for reliable access to healthy food. I do not support legislation that makes it harder for families to put food on the table and that denies food to children because of decisions made by their parents.

The implementation costs of HB 290 are significant-\$2.5 million in the first year and \$1 million every year thereafter. The United States Congress recently rejected inclusion of a similar provision in the Farm Bill. The Congressional Budget Office estimated the cost of implementing this policy nationally would far exceed any new child support payments collected. In fact, the costs of implementing HB 290 in Montana could feed 1,500 children a month over the next two years.

Montana law already allows the state to help families seek child support. House Bill 290 is unnecessary, costly and ultimately punishes children who deserve better.

For these reasons, I veto HB 290.

Sincerely,

STEVE BULLOCK
Governor

April 19, 2019

The Honorable Greg Hertz
Speaker of the House
State Capitol
Helena, Montana 59620

The Honorable Scott Sales
President of the Senate
State Capitol
Helena, Montana 59620

Dear Speaker Hertz and President Sales:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby return with amendments House Bill 132, **"AN ACT CLARIFYING THE DEFINITION OF "WILD BUFFALO" OR "WILD BISON"; CLARIFYING THAT THE PER CAPITA FEE DOES NOT APPLY TO CERTAIN DOMESTIC BISON; AMENDING SECTIONS 15-24-921, 81-1-101, 87-2-101, AND 87-6-101, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE"** for the following reasons.

As originally drafted, House Bill 132 attempted to clarify definitions related to bison. However, with amendments added during the legislative process, the bill no longer provides clarity and presents unintended consequences.

The existing definition of a wild bison is one that "has not been reduced to captivity and is not owned by a person." This definition has a history of legislative debate, and is one that both the Department of Fish, Wildlife, and Parks and the Department of Livestock have had no difficulty in interpreting as they administer state laws related to bison management.

HOUSE JOURNAL
EIGHTY-FIFTH LEGISLATIVE DAY - APRIL 23, 2019

Under I-IB 132 wild bison means a bison that meets all of the following conditions: "it has not been reduced to captivity;" "it has never been subject to the per capita fee under 15-24-921 ;" and "it has never been owned by a person." It is unclear whether these conditions would apply to a herd, a single animal, or to an animal's offspring. Bison widely considered to be wild, such as those in Yellowstone National Park, are often captured, handled, collared or banded, tested and quarantined for health monitoring, biological sampling, transplant and relocation, and other research and management purposes. They are also descendants of animals once owned and reduced to captivity. Under the conditions established in I-IB 132, these bison, and others around the state, could be inappropriately deemed domestic, threatening the preservation of their genetics and their conservation both within and beyond the Park's boundaries. Inappropriate reclassification of wild bison as domestic could further jeopardize state and tribal treaty hunting for bison.

The addition of the tense-specific "never subject to the per capita fee" and "never owned by a person" would unintentionally introduce a confusing time element to determine whether a bison is domestic or wild. This change would bring with it a past tense and historical time element that only causes confusion, raising more questions than it answers. For example: Does it apply to the history of a whole herd, or to an animal that is in front of the agencies today? To the history of a single animal? To that animal's offspring?

For these reasons I submit amendments to the definition of "wild buffalo" or "wild bison," as follows: "Wild buffalo" or "wild bison" means a bison that:

- a. Is not reduced to captivity;
- b. Is not subject to the per capita fee under 15-24-921; and
- c. Is not owned by a person.

These amendments would make clear the difference between a wild and domestic/feral bison. I respectfully ask for your support.

Sincerely,

STEVE BULLOCK
Governor

HOUSE JOURNAL
ADDENDUM
66TH LEGISLATURE

The Honorable Greg Hertz
Speaker of the House
State Capitol
Helena, Montana 59620

The Honorable Scott Sales
President of the Senate
State Capitol
Helena, Montana 59620

Dear Speaker Hertz and President Sales:

In accordance with the power vested in me as Governor by the Constitution and laws of the State of Montana, I hereby veto House Bill 132, **"AN ACT CLARIFYING THE DEFINITION OF "WILD BUFFALO" OR "WILD BISON"; CLARIFYING THAT THE PER CAPITA FEE DOES NOT APPLY TO CERTAIN DOMESTIC BISON; AMENDING SECTIONS 15-24-921, 81-1-101, 87-2-101, AND 87-6-101, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE"** for the following reasons.

As originally drafted, HB 132 attempted to clarify definitions related to bison. With changes added through the legislative process, however, the bill creates more confusion than clarity.

The current definition of a wild bison is one that "has not been reduced to captivity and is not owned by a person." This definition is well-settled. It was previously approved by the legislature, and the Department of Fish, Wildlife, and Parks and the Department of Livestock have had no difficulty interpreting it as they administer state laws related to bison.

House Bill 132 abandons this workable definition for a totally new one. Under the bill, a wild bison must meet all the following conditions: "it has not been reduced to captivity;" "it has never been subject to the per capita fee under 15-24-921;" and "it has never been owned by a person." The bill does not say whether conditions would apply to a herd, a single animal, or to an animal's offspring.

Though well-intentioned, these changes present significant, adverse consequences for bison management in Montana.

Bison widely considered to be wild, such as those in Yellowstone National Park, are often captured, handled, tested, and quarantined for health monitoring, biological sampling, transplant and relocation, and other research and management purposes. They are also descendants of animals once owned and reduced to captivity.

Under the new terms of HB 132, these bison, and others around the state, could be inappropriately deemed "domestic." This would threaten the preservation of their genetics and their conservation both within and beyond the Park's boundaries. Inappropriate reclassification of wild bison as domestic would also jeopardize state and tribal treaty hunting for bison. Domestic animals cannot

be hunted.

I proposed a series of simple amendments that would clarify the definition of wild bison and resolve the issues posed by HB 132. The legislature rejected these amendments. As a result, the problems with HB 132 and its new definition of wild bison remain.

If it becomes law in its current form, HB 132 will create an unacceptable level of confusion and uncertainty around bison management. It will threaten the bison hunts. And it is inconsistent with long-established practices around the management and research-capture of bison and other wildlife species. In short, it is simply unworkable for our state.

For these reasons, I veto HB 132.

Sincerely,

STEVE BULLOCK
Governor
